RESOLUTIONS OF RESPECT.

"God knows the way, He holds the key, He guided with unerring hand; Some time with tearless eye we'll see, And then, up there, we'll understand."

In memory of Francis Marion Griffin, Maupin, Oregon, who died October 9, 1936. They are not lost in the distant world above. They are our nearest link in God's own love.

The Angel of Death has entered our midst and we are called to mourn the loss of a faithful friend and co-worker.

Our tears are mingled with yours, your sorrows are ours. May the gloom of the sorrowing ones be dispelled by the promise: "I am the Resurrection and the Life, saith the Lord; he that believeth in Me, though he were dead, yet shall he live, and he that liveth and believeth in Me shall never die."

Resolved, that Bunch Grass Rebekah Lodge No. 91, I. O. O. F., of Ione, Oregon, in testimony of our loss, be draped in mourning for the allotted time and that we tender the family our deepest sympathy in their affliction, and that a copy of these resolutions be sent to the family.

Cities' League Experts To Aid Bandon Officers

University of Oregon, Eugene, Oct. 14.—At the request of the Bandon city council, the League of Oregon Cities has detailed three of its staff members to make a survey of the financial situation of the devastated city, and to work with the Bandon council in developing a plan for taking care of the present bonded indebtedness of the city in such a way that it will not jeopardize Bandon's credit in securing funds needed for the rebuilding of municipal facilities, it was announced by Herman Kehrl, executive secretary of the league and head of the University of Oregon Bureau of Municipal Research.

Although most of the city's records were destroyed by fire, an attempt will be made to secure all pertinent data concerning the delinquent property taxes and the

present value of taxable property in Bandon. The survey will be made along the lines of the study of the League of Oregon Cities made of the financial situation of Enterprise in 1934, which presented information needed by city officials and bondholders in making an adjustment of the city's indebtedness. R. S. Bryson, William O. Hall, and Henry F. Beistel of the league staff have been assigned by Mr. Kehrl to do the field work for the Bandon survey, and work of compiling the necessary data has already started. Staff members of the Oregon State Planning board will also cooperate in this work.

Record High Enrollment Brings "SOS" from OSC

Corvallis—An increase in enrollment of 93.2 per cent over a four-year period as against increase of funds for instructional purposes of only 6.17 per cent, caused Oregon State college officials to send an "S. O. S." to the state system heads for help in handling the heaviest teaching load the institution has ever experienced.

On a day when figures showed registration at a new record high of 3716 credit students, President G. W. Peavy went into a huddle with Chancellor F. M. Hunter and came out with authorization to employ nine new full-time instructors, add to the supplies and wage requirements, and otherwise meet the emergency.

Fortunately the college heads were able to show that cost of the most pressing needs could be met from the increases in fee totals above the estimated base, hence the scant balance in the state board funds need not suffer at present, though it was pointed out that the emergency adjustments are not enough to meet the continuing needs with such an increase in students.

At the end of the first week in October, 1933, after the college had suffered a heavy cut in income, the enrollment dropped to 1945. On the corresponding date this year the enrollment was 3716.
