"Fighting Irish" Feted by Lions; Tetz Gives Talk

H. S. Pigskin Tossers
Make Good Record;
O'Reilly Speaks.

Heppner's Fighting Irish football squad, defeated but once in two years and who made 162 points to opponents' 39, with Henry Tetz, coach, were feted at the Monday Lions luncheon at Hotel Heppner. For the occasion Mrs. H. O. Tenney, hostess, had tables decorated in appropriate Thanksgiving motif.

Another guest was Father P. J. O'Reilly, who in a short address paid tribute to the objects of Lionism and said, "Your actions are the roar of the Lion, king of jungle beasts, and you need have no fear of that roar being heard so long as your objectives are in the interest of the common welfare." Backing his words with action, Father O'Reilly presented the club with a five-dollar bill to be used in furthering its welfare work.

A special entertainment attraction was a tap dance by Mary Lou Ferguson and Jacqueline Tetz, accompanied at the piano by Mrs. Alden Blankenship. Mrs. Tetz and Mrs. Ferguson, mothers of the girls, were also guests.

Coach Tetz expressed his appreciation for the club's entertainment of the team, complimenting the sportsmanship and gameness shown by all members of the squad. He was glad for the interest men of the community take in high school athletics, urging its continuance and enlargement as one of the greatest contributing factors to their success.

He introduced members of the squad individually, including the following: Maurice Feeley, manager; Bill Browning, Jackson Gilliam, Art McAtee, tackles; Gerald Roberts, Vernon Knowles, Harold Armstrong, John Hays, guards; Richard Hayes, center; Emmett Kenny, Norton King, Fred Hoskins, ends; Donald Frederickson, Don Turner, Capt. Len Gilman, Bill McCaleb, Gerald Cason, halfbacks; LaVerne Van Marter, fullback; Riley Munkers, quarterback. Of these all earned letters this year but Turner and Hays, Munkers is a three-year letterman; Frederickson, Van Marter, Gilman, McCaleb and King are two-year lettermen, and the others earned their first letter this year.

The only game lost in the two years was that played here this year with Arlington, 12-0. This defeat was later retaliated at Arlington when the locals won, 14-0. This record takes into account only games played in the Upper Columbia Athletic league. Heppner lost the game to Pendleton this year 37-0 and sustained injuries that crippled the team in later games. Other scores this year were: Fossil 0-40; Condon 6-12; Condon 0-30, and Hermiston 6-7.

Lion president Ray P. Kinne expressed the club's appreciation for the good showing the boys made in football, and encouraged them to repeat the record in basketball.

Of the 112 votes cast, Mrs. Becket polled 45, Mrs. Bibby 33, Mrs. Vaughn 32, and Vivian Kane, write-in, 2. The special meeting was held at 2 o'clock at the council chambers.

J. L. Gault left yesterday for Corvallis to spend Thanksgiving with his family.

NORTON LUNDELL HURT IN ACCIDENT

Ione Lad Sustains Fractured Skull
In Collision With Nelson Car
Coming From Portland.

Norton Ernest Lundell, son of Mr. and Mrs. E. R. Lundell of Ione, is in a critical condition at Heppner hospital as the result of injuries received in an automobile accident last Friday evening.

Young Lundell was alone in his father's car, turning onto the Oregon-Washington highway off the Ione-Boardman road at Ione, when the car collided with another car belonging to Elmer R. Nelson of 7412 N. Oatmoor St., Portland, about 7 o'clock in the evening. The Nelson car was coming up the highway. Mrs. Nelson, daughter of W. H. French of Hardman, was with Mr. Nelson. They escaped with slight injury. Both cars were badly damaged.

Obstructed view was given as the cause of accident in the report filed by Lundell at the sheriff's office.

Lundell sustained a fracture at the base of the skull, puncturing both ear drums, and other injuries. He suffered heavy loss of blood. While his progress is reported as good as can be expected, it will be some time before he will be out of danger.

Dog's Owner Coming; Lad Disappointed

Scott McMurdo is one disappointed lad, while another youth in Payette, Idaho, has had joy brought to his heart. It's all because Andy's owner has been located.

A beautiful police dog, Andy was picked up by Dr. McMurdo. His son Scott found the dog a dandy pal, and he hated to lose him. But when Dr. McMurdo notified the chief of Payette police—the dog had a Payette license—he immediately got a reply from Mrs. John R. McKinney that her 15-year-old son was the owner and that they would drive over for Andy Saturday. Andy is the McKinney boy's pal.

Mrs. Estes Morton, local child welfare chairman, asks that they be sent to her by December 5.

Two Not True Bills; No True Bills, Grand Jury Report

Body Likes Improvements;
Finds Offices
in Good Order.

Two not true bills and no true bills were returned by the grand jury for the December term of circuit court which completed its labors Saturday and was discharged by Judge C. L. Sweek. Commendation was generally given of conditions surrounding the enforcement of laws, and improvements made in and about the court house. The jury was in session three days, and reported inquiring into all violations of the criminal statutes of which they had knowledge or which were brought to their attention.

Serving on the jury were H. W. Grim, foreman; Olney Saling, A. G. Edmundson, Archie Bechdolt, W. W. Kilcup, A. M. Baldwin and Marion Palmer. They reported:

"We have returned no true bills and two not true bills.

"We have examined the offices connected with the administration of justice and find the records well kept and the officers in charge courteous and efficient.

"We have examined the jail and desire to commend the County Court for relocating the door to the jail so the entrance can be made from the outside, and we also view with favor the plan of the County Court to have a steel 'cage' constructed to protect the entrance from the outside.

"We have examined the county poor house and find it in very good condition and the inmates comfortable and contented. The appearance outside could be improved by the removal of the pile of tin cans near the buildings. We commend the plan of the County Court to connect the county water system with the poor house so as to provide adequate fire protection.

"We commend the county court for improvement of the court house grounds, the new lawn in the park back of the court house being especially a thing of beauty.

"We note that the lighting in the circuit court room is very trying upon the eyes of persons sitting in the court room when the lights are turned on, and we recommend that an improved system of lighting be installed."

TREATED FOR INJURIES.

Arthur Bergstrom, 8, son of Mr. and Mrs. Edward Bergstrom, was treated at a local doctor's office last evening for injuries received a week ago when he was run over by a car driven by Guy Hastings of Hardman. The boy was opening a gate at the farm for Mr. Hastings when the car got momentarily out of control and run over him accidentally. X-rays revealed a fracture of the right femur about three inches below the hip joint. The fracture was reduced and the member set in a cast.

Automobiles Wanted For Courtesy Cars

The local cooperating committee is attempting in every way possible to make visitors to the Eastern Oregon Wheat league conference, Dec. 4-5, feel at home, and to provide them with every facility to add to the convenience and pleasure of their stay.

To this end the committee is asking the cooperation of citizens in making their automobiles available as courtesy cars. Special placards designating the cars as such will be provided, and the idea is to make visitors feel free to climb into any car displaying the placard and be taken wherever they may wish to go within the city. Those willing to cooperate in this manner are requested to leave their names at the Gazette Times office. Just phone 82.

Lions Offer Prize For Best Window

The Heppner business house which presents the most appropriate window in recognition of the Eastern Oregon Wheat league conference here Dec. 4-5, will be rewarded by a \$5 prize offered by the Lions club.

Three qualified out-of-town visitors will be selected to do the judging. It is the hope of the Lions that every business house will cooperate in extending the city's hospitality to visitors by dressing their windows appropriately—the prize being a small added incentive, mainly to bring the matter to the attention of all.

To be Told by Dr.
Bell of Washington.

Final details of the Eastern Oregon Wheat league program, December 4 and 5, have just been announced by E. H. Miller, Lexington, president, as local people made final preparations to house, with true western hospitality, the record crowd expected this year. The Union Pacific railroad is cooperating in advance arrangements and will run at least one special pullman to bring delegations from east of the Blue mountains, and will leave the car to serve as additional hotel facilities during the meeting.

Uncertainty as to who would come from Washington, D. C., for this conference was dispelled when officers received word that Dr. E. J. Bell, assistant to the director of the western division of the AAA, will be at the meeting to give, for the first time in Oregon, an outline of the 1937 agricultural conservation program. He will have come directly from the Washington conference, where Oregon is represented by W. L. Teutsch of the O. S. C. extension service, and N. E. Dodd, Baker.

White, state director of agriculture, is also on the program, scheduled to speak on needed changes in agricultural legislation at the coming session, including proposed revisions in warehousing, seed, noxious weed control and related laws. All legislators from the Columbia and Blue mountain counties have been urged to attend this year's session and take part in the discussions on the new legislation desired by the farmers of the wheat belt.

Other subjects to be discussed on the program will include noxious weed control, feeding of wheat to livestock, Columbia river development, cooperative marketing of agricultural products, substitute crops, and the formal reports of the standing committees, which this year deal with finance, taxation and state legislation, transportation and rural electrification; weeds and soil conservation; federal agricultural programs; and production, handling and marketing.
