## Potatoes, furniture or babies?

You men who have made our farms famous—  
You men who own or work for industry—  
You women who raise our children—

Let's do some clear thinking together!

Past indifference in insisting upon Columbia Empire products stopped both the direct and indirect flow of returns to your own pocketbook. Indifference penalized us. There is a partnership between producers and purchasers of the Columbia Basin. And when you insist upon products grown and manufactured here, you pay dividends to yourself. For each purchase strengthens an industry that employs people! That helps you and me!

JOIN in this week's united effort to insure our mutual prosperity. Ask your merchant for the products of the Columbia Empire.
