CAMP HEPPNER NEWS.

Robert Tullar, formerly employed by the California district of the United States Forestry service, has been transferred to duty at Camp Heppner. He is classified as junior range examiner.

John Vincent Connell, who underwent an operation for removal of his appendix at the Heppner General hospital, has been removed to the camp infirmary where he is resting comfortably.

Edward Smith, convoy driver of Camp Heppner, has driven a total of 122,000 passenger-truck miles without an accident. He is personal chauffeur for district headquarters officials at present.

Captain B. A. Johnson, district inspector, recently paid a routine visit to camp. He reported the camp as having an excellent rating. Two departments, the mess and recreation hall, were given a "superior" rating. This is the highest possible rating a camp can be given. Captain William R. Reynolds is the commanding officer.

At the present time, eighty enrollees at the camp are taking a total of one hundred and twenty courses through the California State Extension service. Marvin E. Dixon, camp educational advisor, states that this is an all-time high record for this particular type of study.

DISTRICT HEAD VISITS.

Ralph Kletzing, district governor of Lions International for Oregon, and J. H. Gardner, both of Salem, were breakfast visitors at a meeting of Heppner Lions last Sunday morning. The district governor brought a special message in regard to the district convention to be held next month in Medford, and of the international convention to be held in Chicago in July. A favorable report was made on the activities of Lions clubs in Oregon, and the local club was commended for its work. They were accompanied to the city by their wives.

SUGGESTS LILAC FESTIVAL.

Heppner should have an annual spring lilac festival in the opinion of Horace Addis, East Oregonian representative, who spoke before the Monday Lions luncheon. Addis said nowhere on earth is more adapted to lilac growing than Heppner. He believed Heppner has the world beat for lilacs and that they should be recognized. He suggested a slogan of "A lilac bush in every yard."

Three Knockouts Feature Legion Card

Sports fans who attended the American Legion swimming pool benefit smoker at the county dance pavilion Friday evening were treated to one of the snappiest and fastest cards ever staged locally. Three matches were taken via the knockout route.

Rene Chausse, local CCC, KO'd Buddy O'Day of Salem in the third round of the scheduled 6-round main event. In this battle of 155-pounders, Chausse began cutting down his opponent from the start, and O'Day was down for the count as the bell closed the third and failed to come back to start the fourth.

Jacky Herron (Whiskers) of Eureka, Cal., and Montana Red of Butte, Mont., at 145 pounds, provided a 4-round semi-windup draw which furnished the crowd with thrills, as Whiskers took everything his opponent had without the twitter of an eyelash.

Kenneth Daniels, local CCC, made Tom Clarke, Jr., take the count in the third round with a couple of the best educated mitts displayed all evening. This was in the scheduled 4-round main preliminary, with the boys tipping the scales at 165.

In the two 3-round preliminaries, Fagersheim, CCC, took a decision from Bobby Robison, CCC, and Newman KO'd Ranger just as the final round ended. The last named two scrappers are members of the local CCC camp.

Fred Hoskins gave complete satisfaction as referee. Net proceeds of the event were \$30. C. J. D. Bauman, matchmaker, is busy arranging another card for the near future.

SPEAKING OF FLOWERS.

A visitor to the city was sitting in the Heppner Hotel lobby last Friday afternoon when a discussion of flowers arose. Mrs. H. O. Tenney, hotel hostess, had just been exhibiting some very large pansies that she had grown. The visitor commented that Heppner appeared to have many nice flowers, but that it could not boast any of the one that should be its emblem. This he said was the shamrock. Just to prove that the

visitor was mistaken, Mrs. Tenney disappeared for a few moments only to return with a very real and genuine specimen of the pride of Ireland—a shamrock she had grown herself.

INSTALLS ELECTRIC OVEN.

June 15 Deadline for Making Seed Loans

Word has been received from Spokane that June 15 has been set as the last date on which applications may be received for summerfallow or 1937 fall seed loans.

In most cases, it is too early for anyone to know definitely that he will need a fall seed loan. However, E. J. Davis points out that many for fall seeding would not, in any case, be made available until time for seeding and if, at that time, an applicant was in a position where no loan was required, he could withdraw his application and would be at no expense whatever.

David Hynd was a business visitor in the city Saturday from the Sand Hollow ranch.

Bill Huddleston and Clyde Bailey were in the city yesterday from Rhea creek.

BUSINESS SECTIONS THREAT.

Your life is most in danger when you are driving or walking through your community's well paved and marked business section in Oregon, according to the Oregon State Motor association. Despite equally smooth pavement and safety guides, residential districts are not far behind in killings. The state's worst roads—rural "cowpaths" and bumpy link roads—are the safest.

Orris Padberg of Lexington was a business visitor in the city yesterday morning.

CALL FOR BIDS.

School District No. 1, Morrow County, Oregon, will receive bids for wiring and fixtures for school building, up to and including Wednesday, June 2, 1937. Specifications are on file at superintendent's office. The board reserves the right to reject any or all bids.
