**Miss Burchell Weds
Lamar Sandy, Banks**

By BEULAH NICHOLS

At a charming ceremony at the First Methodist church in Corvallis Sunday afternoon, June 6, Miss Doris Elizabeth Burchell, daughter of Mrs. Paul Nichols, became the bride of Lamar Sandy of Banks. The service was read by Dr. Jesse Lackler in the presence of about seventy-five guests. Miss Grace Burchell, sister of the bride, was maid of honor and the bridesmaids were Katherine Burchell and Alyce Latourell of Delake. Lyle Wolford of Banks acted as best man and the ushers were Ed and Bill Burchell, brothers of the bride.

The bride was lovely in a gown of white lace over satin and wore a veil of tulle and lace. Her bouquet was fashioned of pink rosebuds and white sweetpeas. The maid of honor wore a dress of pale blue net over satin and carried a bouquet of pink and white sweetpeas. The bridesmaids wore pastel shades of ink and rose net over satin and carried bouquets of pink rosebuds surrounded by varicolored sweetpeas.

Little Patsy Anne Campbell, who acted as flower girl, was dressed in yellow and carried a basket of roses.

Donald Kielbock sang "I Love You Truly" preceding the ceremony and Miss Clara Nisson played the wedding march from Lohengrin. The church was tastefully decorated with colorful flowers and white tapers.

After the wedding a reception was held in Wesley hall. Presiding at the table were six friends of the bride.

**Prospectors May
Get Grubstake Loans**

Grubstake loans are available to prospectors under Chapter 179, Oregon laws of 1937, announces Judge Bert Johnson on information just received from the state mining board. Applications are to be made on

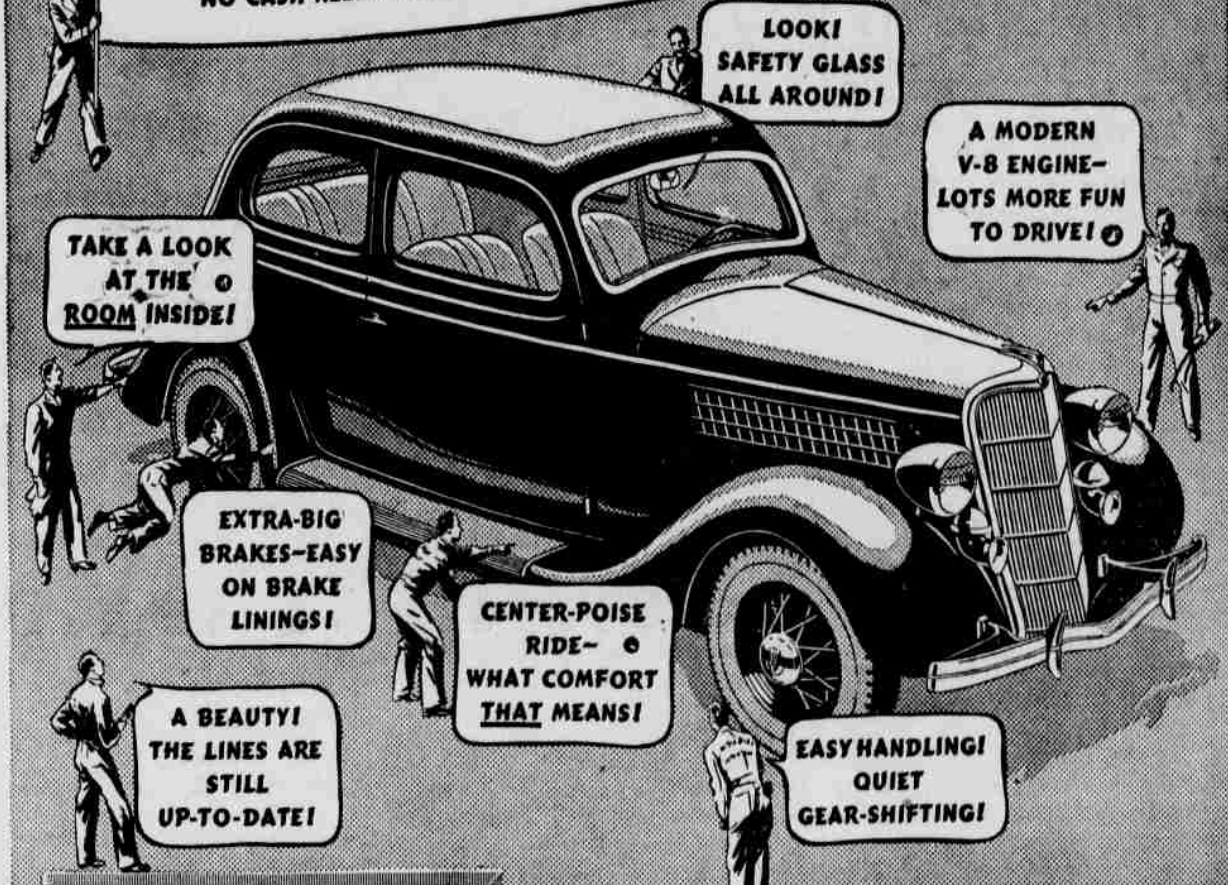

forms in the county where applicant resides. The county court will consider all applications and make recommendations to the board each month. No loans will be recommended unless applicant be of good character and worthy of receiving such aid and possess knowledge of simple prospecting and mining practices.

Loans will be made only to prospectors to aid in finding and locating claims. No loans will be made for the purpose of developing mining claims now owned, but only for the discovery and location of new mineral deposits.

The purpose of the law is to assist in developing the mineral resources of the state.
