THE OLD HAND THREATENS.

It isn't the tyro who causes the majority of fatal traffic accidents, its the experienced driver who knows just what to do with his hands and feet but doesn't use his head, asserts the Oregon State Motor association. More than 97 percent of these fatal mishaps in the state involved drivers with more than a year's experience.

ATTENTION

UNDER THE NEW DEAL are you giving yourself
your merchants and your doctors a square deal?

STOP AND THINK

CHECK up on yourself and see if you are returning the confidence that has been bestowed upon you by the Business and Professional men in the last year or two.

You asked for a personal loan when you asked for their merchandise or professional services. Now let your conscience be your guide.

REMEMBER now is the time to pay, part pay or satisfactorily arrange to pay on your past due accounts. Don't forget that the man who tries to pay his just bills and keeps his credit good is welcome everywhere, **BUT** the one who does not pay soon becomes a social outcast.

SO when you get a **STATEMENT** bearing our **REGISTERED TRADEMARK** try to pay, part pay or satisfactorily arrange to pay your accounts at once and keep your **CREDIT GOOD**.

NOW IS THE TIME to build up your credit for the coming winter. Remember, lose your credit and you lose something you may never regain.
