

## Local Happenings

Mrs. Ellis Hendrickson and son Alvin and Miss Nan Crawford arrived in the city Tuesday from the San Francisco bay region to visit for several weeks with relatives and friends. They were met at Arlington by Mrs. Hendrickson's father, Jeff Jones, having traveled that far by train. Mrs. Hendrickson's home is at San Leandro, and Miss Crawford lives at Sausalito with her parents, Mr. and Mrs. W. V. Crawford. She is staying with her grandmother, Mrs. Cora Crawford.

Mr. and Mrs. Glenwood Tenney of Portland are visiting at the Heppner hotel with Mr. Tenney's uncle and aunt, Mr. and Mrs. H. O. Tenney. They accompanied the latter couple home the end of the week on their return from a trip which took them to Camas, Wash., to attend the wedding there last week of another nephew, Don Tenney, and Miss Elizabeth Shively. They also visited relatives at Corvallis, Newport and Depoe Bay.

Dr. and Mrs. A. P. Culbertson departed Saturday evening for their home at Vickeryville, Mich., after a visit of several weeks at the home of Dr. Culbertson's daughter, Mrs. Lucile McAtee. While here Dr. Culbertson enjoyed greeting many old-time friends made when he was a practicing physician here several years ago.

John Clouston returned to his home at Lakeview Friday after attending the funeral services here on Thursday for his father-in-law, the late S. P. Devin. Mrs. Clouston and the children remained for another week's visit at the home of her mother.

Garland Swanson, lone wheat buyer, was calling in the city yesterday, reporting the local price at 99 cents. While considerable wheat has been contracted in the lone section, there should be much more to sell from present prospects, he believed.

Dr. and Mrs. Fred E. Farrow of Pendleton and Mrs. Carolyn Johnston of Portland were calling on friends in Heppner Sunday. Mrs. Johnston, in eastern Oregon on a visit, is now engaged in the millinery business in the city.

Walter Wright was transacting business in the city Tuesday from the ranch on McKinney creek. Though conditions are fair for the season he was not pleased with the weather warming up so fast following the recent rains.

John Anglin visited over Sunday in Yakima with his wife and daughter, Rachael. Mrs. Anglin is superintending the building of a duplex house in the Washington city, and Miss Anglin is taking an advanced business course.

J. O. Kincaid was a business visitor in the city yesterday afternoon from the farm in the lone section. His crop prospects appeared quite good and the warm weather was not yet hurting.

Misses Ruth Green and Ruth Furlong returned home Monday from a motor trip to Boulder dam where they took Miss Green's brother, Joe Green, who has a job for the summer there.

Mr. and Mrs. E. G. Noble left this week on a vacation trip, expected to assist Mr. Noble in recuperating from a debility which has kept him away from his saddle shop for two weeks.

Harold Hoebet, son of Mrs. W. R. Runnion, is spending the summer at the Runnion home from Rapid City, S. Dak., where he was a student in the school of mines the last school year.

Packy Carty, in town Monday from the Sand Hollow ranch, reported having sheep on the trail for the mountains and would have preferred cooler weather for the job.

See or write Victor G. Peterson, Field Salesman, Heppner, Oregon, for Federal Land Bank farms in Morrow, Gilliam, Wheeler, Grant and Harney Counties. 16-17

Mr. and Mrs. Leonard Schwarz motored over Saturday evening from their home at Prineville and visited until Sunday evening with relatives and friends.

Orville Spatz of Portland is relieving Merle Becket at the local branch, First National Bank of Portland, while the latter is enjoying a vacation.

Homer D. Green was in town on Tuesday from the Eight Mile farm. The warm weather did not appear to be hurting the wheat in his section yet.

J. O. Turner and Chas. B. Cox motored to Pendleton Monday evening to attend a special Masonic meeting in the Vert Memorial building.

Oscar Keithley was a business visitor in the city Tuesday from the farm in the lone vicinity, feeling quite encouraged over crop prospects.

Bargain in grand piano, also upright; will sell for balance due, terms or cash. G. F. Johnson Music Co., Portland, Ore. 16-18.

For Sale—Two month-old poults and White Leghorn pullets, priced reasonably. W. L. Suddarth, Irrigon, Ore. 16-19p.

A. T. King visited over Sunday from Kinzua at the home of his daughter, Mrs. J. V. Crawford.

Ralph Butler, lower Willow creek rancher, was transacting business in town yesterday.

### Mrs. Gordon Ridings Gets Master's Degree

Mrs. Gordon Ridings, who is spending the summer at the home of her parents, Mr. and Mrs. M. D. Clark, this week received her diploma for master of arts degree from Columbia university teachers college, New York, work for which she completed in the last school year. She taught there last year in nursery school, specializing in kindergarten and first grade work, and has accepted a position for next year to teach kindergarten at Riverside church.

Mr. Ridings, who completed graduate work in physical education at Columbia after being graduated from University of Oregon where he was prominent in athletics, will teach in the physical education department at Columbia next year. For the last several years he has been athletic director at Seth Low Junior college. He is visiting in Eugene at present.

### CARD OF THANKS

We wish to express our heartfelt thanks for the many acts of kindness, expressions of sympathy, and the beautiful floral tribute given at the time of our bereavement.

Mrs. S. P. Devin and family,  
Mr. and Mrs. D. O. Justus and family,  
Mrs. Irena Straight and family,  
Mr. and Mrs. M. J. Devin and family,  
Chas. Devin and family.

### CARD OF THANKS

We wish to express our sincere appreciation for all the kindly assistance, expressions of sympathy and beautiful flowers given at the time of our bereavement.

The J. J. Wells Family.

### PRIMING RACE HORSE

F. W. Turner brought his race horse over from Pendleton this week and has started training it with a view to entering races later in the season, probably those of the Heppner Rodeo included. He wintered the horse near Pendleton.

### CITY CAR DEATHS MOUNT

Automobile fatalities in 85 major cities during the four-week period ending June 5, 1937, totaled 589 according to statistics culled by the Oregon State Motor association. This figure was above the 545 deaths reported for the previous four-week period and also over the 578 reported for the four-week period ending June 6, 1936.

### Visiting Official Approves Local Camp

Capt. B. A. Johnson, recently appointed sub-district commander of the Vancouver Barracks CCC district, paid a routine visit to Camp Heppner Saturday. He expressed his approval of the excellent manner in which all departments were conducted.

Capt. William V. Barney, Chap-Res., assistant district chaplain, and Capt. L. V. Schmidt, district dentist, were visitors at camp Sunday. Capt. Schmidt will remain at Camp Heppner for approximately two weeks. All members of the company will receive dental inspection and treatment if necessary.

Lieut. Joseph B. Donnelly has inaugurated a class in aviation instruction for those members of the camp who someday hope to wear a set of "wings."

Bernard Dowd has been selected to replace Oscar Newton as company exchange clerk. Newton resigned from the company this past month and is now driving the Heppner-Pendleton stage.

Material for the spike camp at Ditch creek or thereabouts has arrived in camp and some of the material has already been sent to the location.

As a result of the careful attention it has received in the past few months the camp landscape has taken on a new facial. Flowers are beginning to bloom, grass lawns are springing up and the various individual plantings add extra beauty.

Approximately fourteen of the camp members will participate in the track and field events to be held at Vancouver Barracks this month.

### TODAY'S QUOTE.

"There are two sure ways of curing a turkey hen of eating her eggs. One is to dress her for a Sunday dinner, and the other is to sell her to the butcher. We find it most difficult to bring ourselves to break a bad habit once established, and I

doubt if we will have any better success getting turkeys to break theirs." H. E. Cosby, head of the poultry department, OSC.

### Horses Known Here Show at Kennewick

Several former Heppner horses famed in rodeo arenas will show their stuff during a three-day celebration in Kennewick July 3-4-5. While the rodeo will run three days, there will be special features; a pioneer picnic on Sunday, a monster parade Monday morning; an air circus each day and plenty of dancing and free attractions.

Rock Richmond, well known in the Heppner country, will have charge of the rodeo features and promises a well-balanced program of bronc riding, wild cow milking and riding, roping and all the other features needed to make up a good entertainment.

Richmond has announced liberal awards for winners in the arena, with a championship belt to the best all-around cowboy taking part in the show.

### 6,000,000 Posts Used Annually in Two States

The annual rebuilding or repairing a turkey her of eating her eggs. Washington requires the use of more than 6 3-4 million posts a year, constituting an important minor use of forest products, say officials of the school of forestry at OSC.

Estimates based on a forest survey of the United States and on data obtained from loan applications and appraisals to the federal land banks, show that there are approximately 81,600,000 rods of fencing in these two states and that, under the assumption that there is an average of one post to each rod of fence, there are that same number of posts.

A definite relation exists between the size of farms and the rods of fencing per acre. On a 10-acre farm there will be about an average of

14 rods of fencing per acre, while on a 40-acre farm there are only about 8.5 rods per acre. The ratio increases until on farms of 2500 acres or more there are only an average of 1.5 rods of fencing per acre.

Annual requirements for replacing posts in Oregon and Washington are estimates at 7 1-3 million cubic feet of wood or 88 million board feet. Since 1928 the school of forestry has maintained a "post farm" where tests are being made with various treatments on the different woods available for posts in Oregon. Several treatments have been found beneficial, while charring is worse than nothing.

### 4-H'ers Make Way for Adult Summer Session

Corvallis.—As soon as some 1700 4-H club members complete their annual summer session now in full swing at OSC, another group of older students will move in for the annual six-week adult summer session June 21 to July 30. It in turn will be followed by a four-week post session August 2 to 27, keeping the big state college plant busy practically the year around.

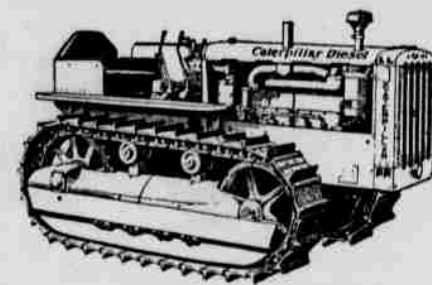

A number of special conferences and institutes are scheduled in connection with the summer session this year. First will be a two-day conference for leaders of parent education groups, to be held June 24 and 25. The second annual conference on guidance and adult education will be held July 12 to 16. On the same dates will be a conference for CCC educational directors.

The intensive summer school of athletic coaching is to be held from the opening day of the session, June 21, to July 2. During the entire six weeks an "Institute of Education for Family Life" will be conducted under the joint auspices of schools of home economics and education and the state board of vocational education.
