**HAZEL PADBERG WEDS TERREL BENGÉ**

Popular Young Couple United In Ceremony at Ione; Auxiliary Installs Officers

By MARGARET BLAKE

At a beautiful ceremony Sunday afternoon in the Christian church, Miss Hazel Padberg, daughter of Mrs. Lana Padberg, became the bride of Mr. Terrel Bengé, son of Mr. and Mrs. R. L. Bengé of Lexington. Alvin Kleinfeldt, Christian minister of Heppner, officiated.

The church was decorated with autumn flowers. Preceding the ceremony Mrs. Walter Roberts sang "At Dawning," accompanied by Mrs. Earl Blake who also played the wedding music.

The bride, given in marriage by her brother, Arley Padberg, wore a wedding dress of white satin made with a fitted waist and full skirt with a slight train. Her short veil fell from a head dress of white satin outlined with seed pearls. She carried an old fashioned bouquet of white pom pom dahlias, gladioli and rose buds. The matron of honor, her sister, Mrs. Clarence Kruse, wore dark blue chiffon velvet with head dress and short veil of the same shade. Her bridesmaid, Miss Guyla Cason, her niece, was dressed in wine colored chiffon velvet with matching veil and head dress. Both attendants carried bouquets to harmonize with their gowns.

Mr. Claude Graham of Heppner acted as best man.

Following the ceremony a reception was held in the church basement. The young couple left immediately afterward for a honeymoon trip by motor through various parts of Oregon and Washington. They will be at home on their return at the Bengé farm on Social Ridge.

Mr. and Mrs. Elmer Griffith and family went to Portland Saturday returning Sunday night.

Mr. and Mrs. Louis Bergevin are at their farm near Pendleton for a few days to attend to their fall work.

**Oregon Traffic Deaths**

A series of weekly articles on the problem of Highway Safety by Earl Snell, Secretary of State.

The news that an American citizen has been hit by a stray shot in a foreign war brings forth banner headlines throughout the nation, and expressions of indignation from every corner of the country. If 100 Americans were killed under such circumstances, the repercussions would be tremendous. But, strange as it seems, daily announcements dealing with the loss of life and destruction of property on our own streets and highways are apparently accepted as of little more than routine interest.

Forty six fatalities resulted from traffic accidents in October, 1936; fifty-five in November, and thirty-two in December. This is a total of 133 people of all ages, men, women and children; and in addition 2,293

suffered injuries, many of them so serious as to leave the victims crippled for life.

The people of Oregon can and must stop this killing and crippling that is taking such a terrible toll in life and property. Every one of us who drives a motor car must accept the personal responsibility that goes with the holding of an operator's license and the use of the streets and highways. The tremendous percentage of accidents due to carelessness, to a moment of distracted attention, and to other causes wholly within the control of the driver, shows indisputably that it is within our power to show a greatly improved record for the final months of the present year.

Resolve to exercise more care; to take a little more time on every trip and play safe; to give attention to the hazards of winter driving. Do these things, and Oregon will show a record of which we can be proud. Make a special effort to reduce Oregon traffic deaths—and start now.

**DARN, darn, darn...**

I thought a woman's work was never done!

1. I was mending socks, and I never saw so many holes in my life. I felt cross-eyed and hump-backed, and still I wasn't even half finished. Then the door bell had to ring...

2. "Well, what do you want?" I barked at the girl. "I'm a home lighting advisor," she replied. "I'd like to tell you about light conditioning... how it makes reading and sewing easier." "Come in," I said grudgingly.

3. "I know why you're tired and nervous," she surprised me by saying. "Eyestraining work like darning takes a lot of light. My light meter shows you haven't even half enough. You can see easier and work faster..."

4... when you have the right kind and right amount of light. That's what light conditioning provides. I would suggest you look at I.E.S. lamps. Your whole family will benefit from their plentiful, glareless light."

**IT'S GREAT TO BE BACK AT WORK**

when you've found a way to ease the pains of

**RHEUMATISM**

and do it the inexpensive way, too.

You can pay as high as you want for remedies claimed to relieve the pain of Rheumatism, Neuritis, Sciatica, etc. But the medicine so many doctors generally approve—the one used by thousands of families daily—is Bayer Aspirin—15¢ a dozen tablets—about 1¢ apiece.

Simply take 2 Bayer Aspirin tablets with a half glass of water. Repeat, if necessary, according to directions.

Usually this will ease such pain in a remarkably short time.

For quick relief from such pain which exhausts you and keeps you awake at night—ask for genuine Bayer Aspirin.

5. Well, I did look, and I bought, figuring the lamp was so good looking, it would make my living room more attractive even if I couldn't see better. But I did see lots better. Darning was a snap! I've light conditioned my whole house now. And, believe it or not, the electricity doesn't cost much because Pacific Power & Light Company's rates are so low. Why don't you ask their advisor to call on you? There's no charge for her service.
