

School Band to Appear Afternoon Evening, Saturday

Contest Numbers Slated; Those to Make Trip Named

Saturday will be band day in Heppner. In addition to the Elks minstrel that evening to assist in sending the school band to the state contest, the band itself will appear on Main street in the afternoon, weather permitting, and will play the state contest numbers at the dance in the evening.

Band members themselves are assisting in the contest trip fund raising by selling tickets for the dance at the Elks hall following the minstrel, proceeds of which will also go to help defray their expenses.

The contest numbers are: Warm-up march, "El Capitan," J. P. Sousa; required number, "Arabian Nights," descriptive overture, R. E. Hildreth; selective number, "Soldiers of Fortune," R. E. Hildreth.

Harold Buhman, director, has announced the band personnel, all of whom are expected to go to the state contest at Eugene the following week end, as follows:

City Per Capita Value \$428, Tax, \$7.73

The tax base of Oregon cities, taken as a whole, increased for the current year over the past year for the first time since 1931, a report just issued by the Bureau of Municipal Research of the University of Oregon shows.

Although this total assessed valuation for 1936 is above that of 1937, it is still below that of 1936 and previous years, the report states.

The figures given in the report for Heppner are as follows: Population, 1190; assessed valuation of 1937 for 1938, \$692,057; city tax levy for 1938 in mills, 13.3; amount of city

tax, \$9,204.36; per capita city tax, \$7.73; county assessment ratio, 68 per cent; assessed valuation on 50 per cent basis, \$508,865; assessed value per capita on 50 per cent basis, \$428; city tax rate in mills on 50 per cent basis, \$18.09.

Nine incorporated cities, all but one, Fossil, under 500 population, will get through the year with no city tax at all. The other eight are Antelope, Cornucopia, Granite, Jun-tura, Lonerock, Mitchell, Orencia and Shaniko.

Placing all cities on a uniform valuation basis of 50 per cent, Oregon City has the lowest millage charge for cities over 500 population. Millage on a 50 per cent basis would be \$16.13, although the actual levy per capita, on the 46 per cent valuation of its county is 18.4. The lowest actual millage is claimed by Pendleton, with 13.3, but this is made on a county valuation millage rate of 68 per cent, making the uniform 50 per cent rate at 18.09, or second to Oregon City.

Dallas, on the uniform 50 per cent basis, rates lowest in the group of 2500-5000 population, with a millage of 15.75. Bandon, on the uniform basis, is low in the 1000-2500 class, with 5.98, and retains this position in actual millage, with 4.6 mills.

Using the 1930 population as a basis for determining the per capita tax, Bend and Oregon City, both with city manager forms of government, are low with cities of 5000 or over population. Their per capita taxes are \$10.05 for Bend and \$11.41 for Oregon City. Dallas, with

\$7.04, and St. Helens with \$7.43 per capita are lowest in the 2500-5000 classification. Bandon with only 93 cents per capita is low in the 1000 to 2500 class.

Mrs. George French who expected to leave for her home in Wyoming has had a bad cold and will have to remain at least a week longer.
