Alfalfa Seed Growing Expands

Extraordinarily high prices for alfalfa seed this year are turning the attention of eastern Oregon growers to seed production, OSC extension men report. Growers in the Hermiston and Ontario sections are interested in wilt immune varieties while in other counties in eastern Oregon Ladak and Grimm are preferred. Seed production of alfalfa which amounted to \$400,000 in 1937 in eastern Oregon is likely to be increased in the next few years.

Ferguson, state forester, who warns that all persons who use the forests must comply with provisions of the Oregon forest code. Campers and other recreationists must see that camp fires are extinguished and no lighted cigar-

RE-ELECT REX ELLIS

Present
Joint Senator from Umatilla, Union and Morrow Counties
In 1936 I ran for the State Senate on the following platform: listed below is how I kept my pledges:

The Eastern Oregon Livestock Show wanted \$5000.00 in 1937-1938 prize money to encourage the 4-H and Future Farmer Boys and Girls of Union, Umatilla and Morrow Counties.

They got their \$5000.00 for two years to give as prize money for these boys and girls.

The old people wanted the Old Age Assistance Act reduced from 70 years to 65.
It was.

The Townsend memorial was passed through the Senate.

The Women's Club and sister organizations wanted a nadditional appropriation for the Doernbecher Hospital for crippled children and forty additional beds for the Eastern Oregon Tuberculosis Hospital at The Dalles.

The Tuberculosis Hospital at The Dalles got 40 additional beds and the Doernbecher Hospital got a much larger appropriation this year.

Certain citizens and temperance organizations wanted it unlawful for a boy or girl under twenty-one to misrepresent their age to get liquor.

I introduced and passed a law to this effect.

Labor wanted unemployment insurance to tide them over when they were out of employment also State hospitalization to take care of their families if they contracted tuberculosis or infantile paralysis.

The State of Oregon now has unemployment insurance, additional hospital facilities to take care of the workingman's family if they contract these terrible diseases.

Morrow county wanted a weed control and a wind erosion law.

They got a law to control both of these menaces.

The farmers wanted the right to operate their trucks unhampered by the public utility commissioner.

I introduced and passed a law to this effect thru the senate but lost it by a few votes in the house. I would like another chance at repealing that farm truck law.

The taxpayer did not want any new taxes created or any increase in the present State Tax.

There was no new state taxes voted on the people and the present State tax was not increased.

VOTE FOR REX ELLIS—HE KEEPS HIS PROMISES.
Paid Adv. by Rex Ellis

ettes or matches may be discarded on forest lands. Loggers and others who operate in the woods must secure permits. All of the restrictions are imposed in the interest of fire prevention, Ferguson points out in urging cooperation of the public in protecting the forests.
