### Al G. Barnes Circus Coming to Pendleton

While no circus so far this season has been scheduled for this county, lovers of whitetop amusement will be glad to learn the AL G. BARNES and SELLS FLOTO COMBINED CIRCUS will give an afternoon performance at 2 o'clock in Pendleton, Sunday afternoon only, June 19th.

The big show this season is crowded with new wonders, not the least of which are several exciting European acts. In this category fall the famous Rieffenach and Yom Kam troupes, both of whom the past two years have been the continent's reigning circus sensation.

Hundreds upon hundreds of the world's foremost arenic stars take part in the lengthy program, including such gargantuan features as five herds of elephants all performing at one time cavalcades of clowns, mass feats of equitation, grouped perchists, an aerial ballet of 50 lovely lassies, countless comely, reckless equestriennes mounted on educated, streamlined steeds and all staged amid colorful, glorious pageantry.

Mabel Stark, the world's only woman tiger and lion subjugator, after

two years of movie work, has returned to her first love, the circus. She offers with the big show this year the thrilling climax of her long, successful career. Behind triple steel bars in a vast amphitheater she forces 30 snarling, ferocious jungle beasts to perform. Anna Merkel is another daring young woman who each performance defies all gravity laws. Still others are the Mitzi Rose Sisters, Olvera Brothers, Panneau and countless more.

Doors to the Al G. Barnes and Sells Floto Combined Circus will open at 1 P. M. to permit leisurely inspection of the mighty new menagerie which for 1938 includes 900 furred and feathered creatures.

### Maxine Pettyjohn Wins Gun in Contest

Maxine Pettyjohn, daughter of Mr. and Mrs. Noah Pettyjohn who reside on Board creek, brought 1080 squirrel tails to Gilliam & Bisbee's to claim the Stevens .22 rifle offered by that firm in a boys' and girls' rodent killing contest. The contest closed last week.

Miss Pettyjohn far outdistanced all other competitors, but Gilliam & Bisbee were extremely pleased at the interest taken and at the large number of rodent pests accounted for.
