

# 59 Pct. Collection Current Tax Roll Recorded in County

## Payment by July 21 Necessary to Prevent Foreclosure

The current tax roll in Morrow county was 39 pct. collected at the end of June, according to the record of turn-overs in the office of Chas. W. Barlow, county clerk.

Of the total roll, \$271,545.98, there had been collected \$159,678.10. Discounts allowed for payment of year's tax in full amounted to \$4,198.18, and interest collected totalled \$39.53. The uncollected balance was \$111,867.88. The apportionment for each tax sub-division of the county is set out in Mr. Barlow's report to the county court and is on file in his office.

Taxpayers who have land subject to foreclosure this year due to non-payment of taxes are advised by the sheriff's office that publication of foreclosure notice will start July 21, and that they may prevent foreclosure by making necessary payments before that date.
