Mr. and Mrs. L. E. Bisbee, son Orrin and daughter, Miss Katherine, returned home Monday afternoon from a week's motor trip to Yellowstone National park. They spent four days in the park and had a very enjoyable time. Mr. Bisbee, a sportsman in his own right who helps serve local sportsmen with hunting and fishing goods, was especially taken with the sight of his first moose and buffalo. The moose was a large black fellow and a very pretty sight. About forty buffalo were in the band seen loping along at some distance. The bears were interesting, but Mr. Bisbee said they didn't attempt to feed them, heeding the advice of park officials that the bears are better left alone. The Chicago was selected as being the namesake of the Stone's home city, which they left about a year ago to come west to Walla Walla where they lived for six months before locating at Heppner. After going over the battleship they thought it did any city justice, being just about a complete city in itself.

Bill O'Rourke Helps Big Legion Convention

Morrow county legionnaires and auxiliary members who attend the big state American Legion convention in Pendleton, September 1-2-3, will find an old-time friend taking a big hand in things. He's none other than W. E. "Bill" O'Rourke who worked and lived at Heppner before going to Pendleton a number of years ago.

Bill is now commander of Pendleton post and housing chairman for the convention, who as post vice commander in 1935 won the gold membership star that year. He has been post finance officer and has served on different important committees. As convention headquarters says:

"Bill is one of those little red-headed Irishmen and a virtual dynamo of human energy. Came from Ireland when he was a kid and for several years worked and lived at Heppner. Came to Pendleton finally and took up his residence here immediately after the war—in which service, by the way, Bill is proud to say he won his coveted citizenship papers. He is an American clear

through, and has a family of nine youngsters that any parent can be proud of."

Reservations for what is expected to be an unequalled legion convention in the state are pouring in at this time, with O'Rourke's housing committee along with the reservations committee working just about 24 hours a day, is the word from headquarters.

A new department ruling makes it necessary for delegates to register in advance, and registration will start Wednesday morning, August 31. Registration headquarters will be at the city hall.

The Forty et Eight program is slated for Wednesday evening, giving promise of one of the best functions ever staged by the legion's fun order. Parade will open this event followed by wreck, eats and entertainment. The 40 et 8 business session will be held Thursday afternoon.

The legion sessions will begin at 9 o'clock Thursday morning, meeting jointly with the auxiliary. Memorial service and other regular preliminary activities will take place at this time.

The tireless C. S. "Spike" Franz, convention commission president, has been working night and day in an effort to perfect an organization that will function for the best interests of all legionnaires and the department. It would seem that all chairmen are really going to town in a big way for "Spike," says headquarters.
