Local Team Swamps Fossil

The Heppner Mustang football team won a decisive victory over Fossil at the Rodeo field last Friday afternoon and from all indications will provide stiff competition for a strong Joseph eleven here next Friday (tomorrow).

Heppner received the ball on the first kick-off, and by line plunges and end runs scored the first touchdown, made by Gilman. In the second quarter two more touchdowns were made by Hayes and Morgan, running the score up to 20 to nothing at the half. In the third quarter, Joe Aiken intercepted, a pass, ran for 20 yards and was tackled on the three-yard line. Aiken scored after two plays. In the final quarter the second team went in and ran the ball up to the 1-yard line and there lost it. In the final three minutes, Coach Knox sent back the first squad which after a few plays sent Gilman over for the final touchdown, making the score at the end of the game, 32-0. Only once did the Fossil team advance beyond the mid-field stripe, and then only to the 40-yard mark.

On the line were Vance, R. E.; McAtee, R. T.; Armstrong, R. G.; Crawford, C.; Patton, L. G.; Applegate, L. T., and Drake, L. E. In the backfield were Coxen, Q.; Morgan, L. H.; Gilman, R. H., and Hayes, F. The substitutes for the line: Tamblin, Bogoger, Fay, Dick, Barratt, Aiken. For the backfield: Bennett, Merrill, Aiken and Bogoger.

Joseph Plays Here Friday

Friday, September 30, at 3 p. m., Heppner high school's football team will meet Joseph in a game that promises to be one of the best of the season.

Although Joseph had a weak team last year, it is reported to be among the strongest now. The visitors' line averages about 175 pounds to Heppner's 160 pounds, giving the Joseph team a distinct weight advantage.

While Heppner was beating Fossil 32 to 0 last week, the Joseph team was scoring a 36 to 0 victory over Richland.

Joseph traveling squad and probable line-up: L. Hamilton, L. E., 160; F. Morgan, L. T., 155; M. Bennett, L. G., 155; F. Reed, C., 150; E. Parish, R. G., 160; D. Crawford, R. T., 160; R. Graham, R. E., Capt., 165; M. Hayes, L. H., 150; G. Barton, R. H., 165; D. Reece, F. B., 175; S. McFetridge, Q. B., 160; M. Dawson, end, A. Chandler, tackle, 155; F. Hall, guard, 140; C. Hall, center, 165; L. Hayden, guard, 135; J. Chandler, back, 160; D. McKenzie, back, 120; S. Barton, tackle, 155.

Club Activities

The H club is planning to meet and elect a president before getting its activities under way. One possible activity is an H club dance.

Last week most of the Girls' League members bought themselves scarfs. They will hold their next meeting Friday.

The Benzene Ring will meet soon to elect officers and plan initiation. The band will organize a new pep band in the near future.

School Hears Able Speaker

The students of Heppner high

school had the honor and pleasure Monday afternoon of hearing Mr. Kerrick from the secretary of state's office speak on safe driving. Mr. Kerrick made a very interesting talk, bringing out many points and facts of interest to any person who has driven a car. Some safe driving slides were shown, which emphasized the many points brought out in the lecture.

At the conclusion of the lecture many of the school's fastest drivers were seen with very serious looks on their faces.

Here and There

It seems that all of the band boys at John Day had a grand time and talk only of blonds. Joe decided he found his heart throb. My! My! Milton where did you lose your voice? It seems Armstrong was in the ditch; at least his car was. Don't give up, Margaret, and fight hard, Carolyn—now let's see who's going to get Applegate. Dubby is complaining; his girl friend happened to live only two blocks from the school at John Day. Too bad, Dubby! It seems that Richard drank an awful lot of water when he saw a certain girl waiting table. Connie and Don Evans are really that way about each other. Floyd Williams will furnish a girl friend to anyone who will take him to Pendleton. By the way, Jack and Donnie, tell us how to make money as you did at John Day.

Successful Study Habits

Everyone, at some time or other, has heard about the ten commandments, but very few have thought of them as a code for successful study. The ten commandments that have been handed to us to improve our school study are as follows:

1. Study with a system.
2. Get on your marks, get set, and go speedily.
3. Work hard and intensely.
4. Make your daily assignments part of a connected whole.
5. Do your own work.
6. Use your extra time for quick mental reviews.
7. Know your textbook.
8. Recite outside of class, as well as in.
9. Keep a systematic notebook.
10. Never stop learning.

If every one of these ten commandments were put into daily practice, as our means of study, the outcome would be sure to prove successful, especially when one gets into college or into his first job, because he will find good work habits are the most useful traits he ever learned in school.

Did You Know That—

Cocoanut fibers were the first filaments in incandescent light globes? In the manufacture of a car, steel, iron, glass, rubber, lead, tin, zinc, mohair, nickle, lumber, aluminum, cotton, leather, copper and many more, are required?

Behind every worker in manufacturing there is an average investment of \$7,600?

One out of three working hours has become leisure time since 1890?

Of the one hundred and twenty-seven students of Heppner high school, there are thirty-one more boys than girls?

Student Opinion on Suspenders

Bob Scrivner—They look snappy. John Crawford—O. K., until some one snaps them.

Art McAtee—Fine without a shirt. Bethal Blake—More attractive than belts.

Emery Coxen—It's hard to keep the shirt tail in.

Sibyl Howell—They're all right as long as they serve the purpose.

Sixth Grade News

The room has elected officers for the coming two weeks. They are as follows: President, Marylou Ferguson; vice-president, Mary Davidson; secretary, Jean Turner; treasurer Betty Marie Coxen.

Those who brought flowers to the room during the last week are Alfred Rugg and Lerra Ewing.

Miss Forsythe brought from Portland a cactus for the room.

Kahryn Howell brought a brown bachelor spider to school Friday morning. The class named it Annabella.

There are three new students in the sixth grade, Rose Bethke, Mary Davidson and Leland Feisterman.

Submitted by reporter, Betty Marie Coxen.

GAS HOUSE GOSSIP

In last week's game Heppner Hi gave the public a glimpse of what it had in the way of a football team and what it could do.

The remark was made that the boys played in mid-season form and like they really meant it. Heppner started to move with the kick-off and didn't stop until the final whistle. When that whistle did sound it left Heppner deep in Fossil territory with the ball and a score of 32 to 0 for the Mustangs. This next week the boys meet a team from Joseph. Up to date there has been little news as to what kind of a team Joseph has. Last year the game between Joseph and Hermiston was forfeited to the latter due to lack of reserves. This year it is rumored that their line averages 175 lbs. They won from Richland, 36 to 0. So one shouldn't get the idea that this team is a set-up. It will be a football game all the way through, but I might venture a prediction of a score of 12 to 7 for Heppner.

Bowman is out of the Arlington line-up with an appendicitis operation. Coach Vince Barrett states that he has a much lighter line-up. One shouldn't worry for Arlington has a way of pulling out of tight spots like this.

It seems that a prediction in this column or rather a statement went far wrong as to Pilot Rock being the strong team in the Umatilla six-man league. Adams who has figured to have small chances was the team who stood on the top after the games were over at Athena last Friday. It appears that they have filled the holes left by graduation from last year.

Here and Yon

This year the injuries have been comparatively few in high school competition. Some are humorous although serious.

Dick Yantis is out of the Mac-Hi line-up, maybe for good; because some enthused spectator tackled him after he had crossed the goal line for another score over Enterprise. This is a serious loss as far as Mac-Hi is concerned because this little boy was carrying the ball for an average of 10.7 yards a try, and a total for this year of 198 yards.

A Grant Union boy had retired from practice and was looking on when a player charged into him, fracturing his leg below the knee. Their newspaper editor can sympathize with him for he had his leg broken in the same manner when watching a football game as an innocent bystander.

A few changes in the rules this year may be of interest to some of the spectators. It is illegal to use one's hands upon an opponent's head. The purpose of this is to eliminate injuries. A free kick out of bounds will be brought in on the 35-yard line if there are no penalties. A fumble may be advanced only by the offensive team. It isn't good sportsmanship to change snap signals during the game. The offense must remain stationary for one second after the shift. An incomplete pass behind the offensive goal line is not a touchback until the fourth down.

The boys called off the House of David act immediately after the football game. The agreement was not to shave until a game was officially won.

For the benefit of those who haven't heard of Vernon Knowles and Fred Hoskins recently, they are candidates for the E. O. N. football squad.

Five Years Ago This Week

Heppner high school's football squad was for the first time to play two games in one day. Heppner played both the Lexington and Echo teams on the home field. The scores were Heppner 13, Echo 0; Heppner 16, Lexington 0.

The frosh humbled the sophomores by winning the class rush from them.

Ten Years From Now

Heppner will have one street car. The swimming tank will be completed.

The gymnasium will be paid for. There will be two yellow lines on Main street.

The football team will have lost its first game in years.

Facts About Our School

Have you students ever wondered

about the busts of George Washington and Abraham Lincoln which stand in our assembly hall? In 1917, the Philomathian and Ciceronian literary societies of Heppner high school purchased these with the proceeds of two patriotic programs.

Humor

Mr. Peavy: "Anna Marie, what is the definition of the word spine?"

Anna Marie Johnston: "A spine is a long limber bone. Your head rests on one end and you sit on the other."

The philosopher calmly defined the exact difference between life and love: "Life is just one fool thing after another; love is just two fool things after each other."

Love is blind, but marriage is an eye-opener.

Mr. Knox to Helen in Lab.: "Helen, I wish you wouldn't whistle at your work."

Helen: "I wasn't working; only whistling."

Miss Nordstrom: "In which of his battles was King Gustavus Adolphus of Sweden slain, Jack?"

Jack Vaughn: "I can't say for sure, but I think it was his last one."

Harry O'Donnell (becoming indignant at the slow pace of the Heppner Limited): "Say, conductor, is this as fast as you can go?"

Conductor: "No, but I have to stay on board."

For sale: 1910 Model T Ford in first crash condition. See Harry Tamblin.

A lecture is the process by which the notes of the professor become the notes of the student, without passing through the minds of either.

Advice to Carolyn Vaughn: Any girl can handle the beast in a certain football player if she's cagey enough.

Advice to ????:—Some men would be more spic if they didn't have so much span.

Charles Hynd and son Ewing of Ukiah were visitors here yesterday. Mr. and Mrs. Ewing Hynd, nee Beulah Eskelson, report the arrival of a son born at St. Anthony's hospital last week end.
