

## Regional Institute At Pendleton Outstanding

### Mrs. Rodgers Tells Lions of Event; Boy Scout Work Pushed

"An institute of outstanding merit," said Mrs. Lucy E. Rodgers, county school superintendent, in speaking before the Lions Monday luncheon of the eastern Oregon regional teachers' conference held at Pendleton last Thursday and Friday. At the conference Morrow county teachers joined with those of Malheur, Walla, Baker, Umatilla and Union counties.

Paying tribute to the estimable facilities afforded by the Vert Memorial and junior high school buildings, Mrs. Rodgers gave the addresses of Dr. J. B. Edmonson as being of outstanding interest. Dr. Edmonson, dean of the school of education at University of Michigan, addressed the general assembly Thursday on the subject, "Are We Educating Too Many?" and spoke before the high school section on "Educational Implications of Recent Occupational Trends."

As Michigan is holding the spotlight of national educational circles and Dr. Edmonson himself has been responsible for much of the curriculum reform in that state, his messages were received with particular interest, and his presentation of both sides of every problem was unique and interesting, Mrs. Rodgers said.

It was interesting to note the reaction of teachers to Dr. Edmonson's presentation of "Are We Educating Too Many?" for to the questionnaire handed to them after the address, while most of those responding answered "no," a number of the teachers responded, "yes" while a still smaller number expressed no opinion. The questionnaire listed the various arguments, pro and con, presented by the speaker, the affirmative arguments mainly dealing with the practical side of the problem and the negative arguments with the idealistic side. In his explanation of the question, Dr. Edmonson said it is estimated that one-fourth of the total population is enrolled in educational institutions in the present school year.

Another luncheon speaker was Giles L. French, representative in the legislature from this district and Moro newspaper editor, who spoke in behalf of the "labor relations" bill.

B. C. Pinckney, chairman of the Boy Scout executive committee, announced the dinner of county scout leaders and executive committeemen to be held at the hotel here tomorrow evening, and the father and sons banquet to be held in the basement of the Church of Christ Friday evening, to lend impetus to the local Boy Scout work.

On Monday noon the high school students and Mrs. Clary had noon dinner together. This was the sec-
