R-ELECT REX ELLIS

Present
Joint Senator from Umatilla, Union and Morrow Counties
In 1936 I ran for the State Senate on the following platform: listed below is how I kept my pledges:

The Eastern Oregon Livesock show wanted \$5000.00 in 1937-1938 prize money to encourage the 4-H and Future Farmer Boys and Girls of Union, Umatilla and Morrow Counties.

They got their \$5000.00 for two years to give as prize money for these boys and girls.

The old people wanted the Old Age Assistance Act reduced from 70 years to 65.

It was.
The Townsend Memorial was passed through the Senate.

The Women's Club and sister organizations wanted an additional appropriation for the Doernbecher Hospital for crippled children and forty additional beds for the Eastern Oregon Tuberculosis Hospital at The Dalles.

The Tuberculosis Hospital at The Dalles got 40 additional beds and the Doernbecher Hospital got a much larger appropriation this year.

Certain citizens and temperance organizations wanted it unlawful for a boy or girl under twenty-one to misrepresent their age to get liquor.

I introduced and passed a law to this effect.

Labor wanted unemployment insurance to tide them over when they were out of employment, also State hospitalization to take care of their families if they contracted tuberculosis or infantile paralysis.

The State of Oregon now has unemployment insurance, additional hospital facilities to take care of the workingman's family if they contract these terrible diseases.

Morrow county wanted a weed control and a wind erosion law.

They got a law to control both of these menaces.

The farmers wanted the right to operate their trucks unhampered by the public utility commissioner.

I introduced and passed a law to this effect thru the senate but lost it by a few votes in the house. I would like another chance at repealing that farm truck law.

The taxpayer did not want any new taxes created or any increase in the present State tax.

There was no new state taxes voted on the people and the present State tax was not increased.

VOTE FOR REX ELLIS—HE KEEPS HIS PROMISES.
Paid Adv. by Rex Ellis

Oregon counties, preliminary reports from the state office at Corvallis show.

Approval since that time of Terminal No. 4 in Portland as qualified storage under the act is expected to add rapidly to the state total, as much of the wheat from cooperative growers had already been shipped to that terminal. Efforts were also being made to get other Portland terminals approved for storage.

Among the counties reporting to the state office, Umatilla had the

largest volume put up as security for loans, though Sherman county had received the most money in loans. Gilliam, Morrow, Wasco, Union and Jefferson were next in line among those reporting, and in that order.

POLITICAL ANNOUNCEMENT

I hereby announce myself as an independent candidate for the office of county assessor at the General Election to be held Noember 8, 1938.

LIQUOR'S \$8,000,000

Now these millions in Oregon are going for Old Age assistance, care of homeless and crippled children, and general relief under decent state liquor control, which drove bootleggers out of the state. But the Anti-Liquor League's

State-Wide PROHIBITION BILL will return it to bootleggers!

Proposed law wrecks the State Liquor Commission and State Relief, but it will not destroy the liquor traffic. Prohibition only puts liquor in back alleys to enrich the underworld. Stand behind your State Liquor Commission.
