## Lexington Water Project Progressing

"Some people seem to think all that is necessary is just to write in and ask for it," said Mayor Tom Barnett of Lexington in referring to progress on Lexington's PWA-assisted water system when in town Tuesday. It takes more than one writing, however, said he, alluding to a great number of forms which the city's attorney had spent two days in helping to fill out and which hadn't yet been completed.

"Oh, it's coming alright," Lexington's mayor averred, "but we've still got lots of writing to do." It was expected things would soon be in shape for advertising for bids.

Sunday and Monday, in addition to ROOM SERVICE with the MARX BROTHERS, we have Disney's FARMYARD SYMPHONY in which grand opera whooping is burlesqued in the romantic efforts of a rooster and a pullet with accompaniment of choruses from the cows, sheep, pigs, goats, ducks and their young. It's a real treat.

Also a musical reel and the Movie-tone News.

"Inside the Maginot Line" is the one topic covered by March of Time which will be shown Wednesday-Thursday, Nov. 30-Dec. 1. This is a revealing picture of the defenses behind which France waits for the next war. The marvelous system of underground fortifications is pictured in such detail that you will wonder how the French government could have permitted the film to be taken. Just about tops in interest.

"DRUMS" is the feature, with Sabu who caused so much favorable comment when we showed him in "Elephant Boy." Plenty of romance, intrigue, glamour, the spell of India as only Kipling has ever done it... in beautiful technicolor... another prominent player in the cast is Raymond Massey who is currently making such a hit on the New York stage in "Abe Lincoln in Illinois."
