**Do We Want a School Paper?**

Several students worked very hard last week writing up and cutting stencils for a school paper, written, edited and printed in the local school.

The paper when presented to the students received a cool reception. Less than twenty-five thought enough of the idea of having a school paper to buy a copy. The paper sold for three cents, the minimum for which it could be put out.

If the box factory comes in, Heppner High will probably become a class A school. Almost all of the class A schools have printed school papers, and unless we get started pretty soon, we won't even have a mimeographed one.

What is wrong with us? Are we too lazy to write material for a paper? Are we too tight to buy a copy when it is printed? We had better be finding out what is wrong with us pretty soon.

Arlington, Condon, and Hermiston, our arch-rivals on the athletic fields, all have school papers. Are we going to let these schools lead us in this department? The answer should be "No," but so far it is a great big "Yes."

All who agree that Heppner should have a paper of their own please talk it up at school and tell the members of the Student Council that they want a paper.

Come on Heppner, let's show the other schools around that we are not only "tops" in athletics but can also hold our own in the field of journalism.

**Past Student Body Meetings**

On January 27, the meeting was called to order and then turned over to the H club which presented its annual program. The time was not sufficient to hold the business meeting also, so they adjourned until February 3.

At that time, the meeting was continued and a secretary and treasurer's report were given. The amendment presented by Joe Aiken at the last meeting, that all faculty members be exempted from paying the student body tax, was voted upon. The motion was defeated. The H club president made the motion that the persons responsible for taking the pennants down in the gymnasium at the time of the operetta put them back in their original places. The motion was carried. The motion was made and carried that two boys be appointed to take care of the score boards and prevent any serious complications which arise from blown-out fuses.

Dick Bogoger made the suggestion in the form of a motion that the B squad be presented with some kind of letter for their efforts during the basketball season, but after a general discussion, nothing was done about it.

The motion was made and carried that all business be laid on the ta-

ble until the next meeting and that we adjourn.

Following the meeting there was a short pep-rally for the game that night with Arlington.

**GAS HOUSE GOSSIP**

By JOE AIKEN

For four consecutive years Heppner high school has supported a baseball team. They have been successful up until last year. Up to this year we have played 25 games and lost but 7. From all appearances we will not have a team this year due to finances. All the years we have had baseball it never once paid for itself. Every year we went in the hole upon it, so now it seems wise to discontinue it.

Looking back many years we see this town supporting two teams, a town team and a high school team. Then, baseball was the major sport. One can look back and remember when he played third base, catcher, or pitcher, or even sat in the stands and razed the opposing teams. Great fun, wasn't it?

Heppner is cinched for the top of the ladder now, as they have won another game, making it four wins out of five games played. This means that there will be a league play-off some time in the very near future.

Heppner has two more games to play. One is with Condon this Friday and another with Ione down there. The game with Condon is the last league game to be played by this team, however, as stated before. The league play-off will be held to determine the strongest team in this district. Up to now the two leading teams seem to be even, as Irrigon has lost but one game to Lexington, and Heppner lost one to Hermiston, but Hermiston was beaten by Irrigon. Both teams have lost one league game apiece, but have beaten the team that beat them. Last week there was a lot of talk about a jinx which Arlington was supposed to have over Heppner. Heppner hasn't beaten Arlington since 1934 in any sort of a basketball game. We now wonder if this was a jinx or that Arlington might have played a little harder and out-fought us. Whatever it was, the Mustangs certainly out-played and out-fought them and put the so-called jinx upon the shelf for good, we hope.

This year tennis may become a major sport. It will be the major spring sport if baseball is discontinued. The turn-out will be great as the interest is growing all the time. Last year we placed two as runner-ups in the tournament held at Hermiston. It is a new sport in this school and is growing in popularity every year for the school pupils and townspeople alike.

Here and Yon . . . There has been talk of having a contest among men attending a basketball game, of shooting fouls.

We should be thankful that we live in a country where we go to a school activity to see the younger generation exhibit the skill of athletics instead of the skills of war.

The local FFA chapter is planning a smoker with Arlington next Wednesday.

The Heppner casaba lads have their eyes upon the state tournament.

**Band Organized**  
 The band has become something besides a class that meets every day and gets rid of excess wind. It now is an organization which has a president and other officers.

Newly elected officers will be in office until the end of the school year. They are as follows: President, Omer McCaleb; vice-president, Betty Hap-pold; secretary, Carolyn Vaughn; treasurer, Don Jones; publicity director, Joe Aiken; librarian, Shirley Wilson; sergeant-at-arms, Jack Merrill; assistant, Don Bennett.

The duties of these officers are as follows: President—presides over all band meetings and has an active voice in the board of control; vice-president—presides over all board meetings and substitutes for the president in his absence; secretary—sees that all the new music that is required is ordered and carries on all correspondence; treasurer—handles the finances of the band and keeps it in an orderly manner for use at a later date; sergeant-at-arms and assistant—responsible for the chairs, stands, and band members' conduct.

The board of control consists of the

officers of the band. They are an active advisory board to the band.

The purpose of the organization is to create a more active interest in the band and to assist in the routine work.

Practice has been started in earnest on the state contest pieces. Morning rehearsals are to begin this week. The district contest will be held at La Grande, April 14th and 15th.

**Girls' League to Sponsor Party**

The regular meeting of the Girls' League was held in the assembly room of the high school last Thursday with each girl answering the roll call by a four-line valentine poem. A new constitution was read and adopted as the regular Girls' League constitution.

It was decided that the girls should take charge of the social hour to be held February 15 and present it in the form of a Valentine party.

Following the business meeting, a spring style show was held with Norma Prock, Carolyn Vaughn, Connie Instone, Peggy Tamblin and Frances Wilkinson modeling. Edna Stephens made a report on the origin of Valentine's day.

**Local FFA Boys to Battle Arlington**

Next Wednesday, Feb. 15, the FFA boxing team will journey to Arlington to compete against Arlington's FFA team. Arlington has some good fighters this year and will put up some good competition for our local FFA chapter. Some contestants are as follows:

Heppner—Floyd Williams, Howard Patton, Pete Stone, Rufus Hill, Dean Gilman, Leland Edmondson, Bob Swick. Arlington—Chub Wetherell, David Childs, Wayne Johnson, Marcell Krebs, Bob McKinney, Norris, Samause.
