Calendar of Events

- Friday, Apr. 21—Open House.
- Saturday, April 22 — Baseball, Heppner vs. Arlington, here.
- FFA Smoker, Arlington, here.
- Thursday, Apr. 27—Tennis, Hermiton, here.
- Friday, May 5—Public Speaking Plays and Band Concert.

Congratulations, Band

The Heppner school band lived up to expectations again by finishing in first money at La Grande last Friday evening. This is the fourth first place in a row for the Heppner band.

A brief summary of the band's achievements in the past might be timely. In their first contest in 1935, the band received third place at the state contest at Eugene.

In the springs of 1936 and 1937 the band went twice to Corvallis to compete in the state band contest. Both times the band returned with first place awards in Class D.

Last year the classes of competition of the bands were revised. All schools with student bodies under 250 were placed in class C. Competing in class C for the first time at Eugene last year, the Heppner band was the only one to obtain "superior" rating.

The contest which the band won last week gives it the privilege of competing in the regional contest to be held in Portland the week end of May 12. This is the same contest that was held at Seattle last year and includes schools in Oregon, Washington, Idaho and Montana.

This series of victories certainly speaks well for the band. It represents months of hard work on the part of the band and its director, Mr. Buhman. The band has grown from the 25 members who went to the first contest at Eugene to the almost 60 members that went to La Grande.

All of the publicity received by the band for their performances has done much more than any other single thing in years to put Heppner high school and the city of Heppner on the map. The band has obtained the respect and admiration of all eastern Oregon and some recognition in the Portland papers. But the band has done much more good than help advertise the town. The band has brought out and developed the musical talent in many students who never would have done anything in the musical field. It improves their appreciation and knowledge of music. The band has done much to raise the music mindedness of the community as a whole.

Newest Fad: Small bright colored bows worn in the back of the young ladies' hair.

Newest Expression: "Oh, fap!"
Question Most Asked: "Have you got your English?"

Subject Most Often Brought Up: "School will soon be out."

Funnier Scene: Dad Driscoll, Ruth Green, Mr. Blankenship, Mr. Peavy all scurrying up stairs and down stairs looking for the music the band forgot.

Tennis Matches

Wind and rain called to a halt the tennis matches with Pilot Rock last Wednesday, but not before the locals had won two matches. Hugh Crawford defeated his opponent 6-2, 6-3, and Frances McCarty won from her opponent 6-1, 6-0.

FFA Slate Ring Meet

The city hall ring will be the scene of leather-slugging Saturday evening at 8:00 when the Heppner Future Farmers meet the Arlington Farmers in a return fistic meet. The Heppner boys are just recovering from a slight bouncing taken at Arlington last week; however, they plan to repay their respects, an eye for an eye.

The finals feature Heppner's Gilman and Arlington's LaMance. This

same match resulted in a draw at Arlington. (Gilman seems to be in fine condition, having pulled weeds in the lawn all week in preparation, or in preference to making up time.)

Williams and Tom Kurtz, Arlington, will provide the semi-finals. Other bouts scheduled thus far include: Stone and Wayne Jackson, Hill and Mancel Krebs, Swick and Bob McKinney. Exhibition matches will also be scheduled.

Time Trials

The local track squad held time tryouts to determine the squad that will go to Mac-Hi this week end. In the sprints, Guy Moore skipped the the 100-yard dash in 11 seconds, and Kemp Dick ran the 440 in 63 flat. Howard Patton heaved the discus 100 feet to make a toss good enough to take many of the eastern Oregon meets.

Baseball Saturday

The veteran Heppner baseball team meets Arlington on the home diamond at 2 p. m. Saturday. Arlington boasts a rather inexperienced team as they have completely reorganized their team from that of last year. Under the new schedule, this will be the second game of the three home game series.

Plans Announced for May Fete

The date for the annual Morrow county track meet and music festival has been set for Friday, April 28. At that time all educational divisions of Morrow county will gather at Heppner in the morning for the track and field events and in

the afternoon for the music festival on the high school lawn, weather permitting. A complete program is to be announced later.

Student Council Meets

Thursday's student council meeting consisted largely of clearing up minor bills and making arrangements for payment of the larger ones. Prior to the final settlement of the pending tennis question, there was brief discussion concerning expected receipts for the rest of the year. Future receipts are expected to be sufficient to enable appropriation of \$24 to the tennis team for supplies and transportation, although the reserve fund set aside at the first of the year will have to be taxed. Tennis was made to resemble a major sport in that full sized letters will be given upon recommendation of the tennis coach.

Open House Friday Night

Friday night is the evening when all of the students show their work to their parents. This is known as open house. This year, as usual, the parents will be given a chance to see what is being done in our school.

The procedure will be about the same as usual, with the parents being shown through the school in the early part of the evening and the latter part devoted to a program in the gym.

The doors of the school house will open at 7:00. At 8:15 a bell will be sounded as a signal to go to the gym.

There are many interesting things slated for the program. Among them are the following: Round table dis-

cussion, tumbling act, style show, and several others.

Pacific Speakers

The students of Heppner high school had the privilege of hearing a group of speakers from Pacific university a week ago Tuesday. The program was of a farcical nature with all serious subjects taboo. The first speaker talked on the subject, "I Can Do It Too," which had reference to the way people copy Hollywood. Two members of the Pacific debate team presented arguments on both sides of the subject, "Should Men Walk on the Paved Side of Women?" The final speaker closed the program by proving that no one knows what he is talking about.

Light Rays Create New Varieties by Heredity

Oregon State College—That the X-ray and ultra violet ray constitute one of the naturally occurring mechanisms of evolution was shown by Dr. Lewis J. Stadler, noted specialist in heredity of the University of Missouri, who spoke at the annual invitation meeting of Sigma Xi at Oregon State college.

This honor society in scientific research initiated 32 new members, including alumni, faculty, graduate students, and seniors.

Dr. Stadler has shown that many varieties of plants can be treated through the influence of special light rays on heredity which breed true thereafter. These rays also occur in nature, he said, and account for many of the chance sports and mutations which occur. Great advance in the controlled development of hybrids has occurred in recent years through the better understanding of the mechanism of heredity, the scientist pointed out.

Nash for sale or trade for cattle, good condition. W. H. French, Hardman. 47tf
