**Mrs. Owens Given Shower at Hardman**

By HARDMAN HIGH SCHOOL  
On Wednesday afternoon there was a bridal shower at the home of Mrs. Ethel McDaniel in honor of Mrs. Harry Owens, recently married daughter of Mr. and Mrs. Glen Farrens. There was a veritable shower of beautiful and useful gifts, and a delicious lunch was served. There were a number of friends from the Rhea creek vicinity. There was also a program at which Rita, Vern and Mildred put on a short play, "Girls Will be Girls." Mrs. Stanley Robinson took them in and attended the afternoon events.

Mrs. J. B. Adams, assisted by several other ladies, was hostess at a bride's shower for Mrs. Glen Merritt, who was Opal Hastings up to the time of her marriage in December. Since the young couple have not been here since then, the shower was delayed. The many gifts were sent on to Mucketo, Wash., where Mr. and Mrs. Merritt live.

About ten days ago B. H. Bleakman, Fan Miller and Earl Redding went over to the mining property on the John Day river. E. S. McDaniel and Buster Bleakman were already there and other interested shareholders are going over soon.

J. B. Adams returned Tuesday evening from the Archie Ball and P. W. Mahoney ranch where he has been helping with lambing.

Mrs. Ted Burnside had to go to Portland again last week for further treatment of an infected tooth which has been troubling her since December. She was there several days and Ted brought her back Tuesday.

They gave instruction in the songs which will be used. Mrs. Lucy Rodgers brought them out. They all stopped at the high school for a

brief visit. Those coming were Mrs. Lucy Rodgers, Mrs. C. C. Carmichael, Lexington Mrs. Maude Kobow, Boardman; Miss Katherine Scharf, Ione, and Miss Rachel Forsythe, Heppner.

On the Wednesday morning preceding, however, there was a wet blanket of snow and also a slight skiff Thursday morning. On Sunday night about 9 o'clock the aurora borealis was brighter and more beautiful than for years, and Monday night of this week the sunset was worth going far to see.

**Officers of EOWL Become "Actors" On KOAC Program**

Farm radio broadcasting history was made in Corvallis recently when a group of eastern Oregon farmers traveled half way across the state for the specific purpose of appearing on a program over the state-owned station KOAC at Corvallis.

The men were officers of the Eastern Oregon Wheat league, including Harry D. Proudfoot of Wasco, president; Carroll Barker of Condon, vice president; and Millard Eakin of Grass Valley, member of the executive committee. These three farmers together with Charlie Smith, secretary of the league, took part in one of the nightly round table discussions on the Oregon State college hour.

The men not only discussed the work of the Eastern Oregon Wheat league in particular but the general farm problems, including land use, that are of major importance in the Columbia basin wheat belt.

The Eastern Oregon Wheat league since its organization in 1926 has been in the forefront of every movement for the betterment of farm conditions in this region, the officers told the radio audience. The league has not only interested itself in public matters and legislation, but has also actively supported agricultural research and has encouraged the adoption of approved methods of production designed to keep Oregon wheat growers in a favorable competitive position.

Recent changes in farming practice reviewed by the wheat league officers included the introduction of crested wheat grass on a large scale and the widespread use of trashy summer fallow as a means of minimizing erosion.

Mrs. Lois Turner returned the end of the week from a visit with her parents, Mr. and Mrs. Martin Reid, at Lincoln Beach on the coast.

**SAFETY SONNETS**

Gambling one's life and property on the right-of-way at an intersection is like gambling against a crooked roulette wheel—one may win a few seconds now and then, but the losses, when they occur, will be extraordinarily heavy, Secretary of State Earl Snell said this week.

Failure to give right of way contributed to more traffic crashes than any other improper driving action in this state last year, figuring in 9113 cases. Fifteen of these accidents resulted fatally, and more than 1000 of them produced injuries.

Designed largely to determine which party was in the right following collisions at intersections, the right-of-way law itself is of little benefit in preventing accidents when drivers insist on taking advantage of their right-of-way privilege at every opportunity in Snell's opinion.

Briefly states, the car approaching from the right has the right-of-way at an ordinary intersection, while a car stopped at a through street must yield the right-of-way to all other traffic approaching so closely as to constitute an immediate hazard. Cars traveling at unlawful speed forfeit whatever right-of-way they might otherwise have had.

**Round-Table Talks Listed for April 24-29**

Oregon State College—"How the 1939 Agricultural Conservation Program is Being Applied to Oregon Farms," will be the opening round table program on the Oregon State college hour over the state station, KOAC, for the week starting Monday, April 24. Taking part in the discussion will be members of the state AAA committee headed by Will Steen of Milton, chairman.

Scheduled each evening except Sunday at 9 o'clock these round table discussions are proving increasingly popular throughout the state. Other topics for the week are as follows:

Tuesday, "Some Kind words for Slang," by the department of English; Wednesday, "What Husbands Should Know About Nutrition," school of home economics; Thursday, "Insects as Carriers of Diseases," school of science; Friday, "Industrial Arts in Modern Education," school of engineering; Saturday, "Baseball in Collegiate Athletics," by the department of intercollegiate athletics.
