

Bicycle Safety Campaign Started By Lions Club

"Too Many Close Calls" Say Members; Alfred Reports Trip

Boys and girls who ride bicycles: Do you know your privileges, and what you are not supposed to do when riding on city streets? It is for your safety that Heppner Lions, Monday, adopted as a project your education on rules of street cycling.

Ray Kinne, program chairman for the day, brought the matter up and called attention to campaigns that have been staged successfully in other towns and cities to avert catastrophe. Other Lions commented on the number of close calls they have witnessed, due at times to failure of night cyclists to have proper red reflecting mirror on the rear of bikes, or to too many passengers.

The city law was cited which requires the safety signal, and limits riders to one per bike. Appointment of a committee to conduct the educational campaign was left until the return of President Frank Turner.

Frank Alfred reported a trip he made to graduation at Willamette university, Salem, last week end, and commented more especially upon the new Willamette law school building. He believed it of general interest since the building so converted was previously the old Salem postoffice. Modernization has effected a very serviceable building for his alma mater, the tenth reunion of whose graduating class he attended last week end.

Patriotic songs were sung in honor of Flag day, celebrated yesterday. Guests included Henry Peterson, Garland Swanson and J. O. Turner, the latter being introduced as a reaffiliated member.

Legion Conclave Set for Salem

Salem, Ore., (Special)—The 21st department convention of the American Legion of Oregon will be held in Salem this year on August 9, 10, 11 and 12, thus making a return of Legionnaires to the capital city just 10 years after their first gathering here.

Plans for this meeting are well in shape and every indication points to the largest convention ever to be held in the history of the American Legion in Oregon. Opening sessions will be held following a flag raising and band concert by the Seventh Infantry band and drum corps. These will probably take place at a local theater.

General conventions sessions of the American Legion will be held in the Hall of Representatives at the new capitol building while the session for the Auxiliary will be conducted in the Senate chambers.

Seventy-two hours, packed full of business, fun and entertainment, face the visitors to Salem this year. Business sessions will be held each day. In addition the big barbecue and air show will be staged on the afternoon of August 10. That evening comes the Junior drum corps contest augmented by drills and performances by the Seventh Infantry.

Friday means another full day with the Junior band contest during the afternoon. In the evening comes the spectacular convention parade featuring the central theme of this convention, "National De-

fense." There will be over 1,000 soldiers in the line of march with all equipment. Many other entrees will enliven the parade making it interesting. Afterward comes the Senior drum corps contest and another military drill.

In addition to all of these things there will be golf tournaments, dancing every night, dugouts for weary ones, shows, every kind of carnival attractions and many other species of entertainment.

Again the slogan is "Trail 'em to Salem" for the largest and best convention in the history of the American Legion of Oregon.
