Mr. and Mrs. Spencer Crawford and sons, John, Hugh and Calvin, returned Monday afternoon from a vacation trip to California. Three pleasant weeks were spent in the San Francisco bay area where they visited Mrs. Crawford's parents, Mr. and Mrs. H. C. Githens, and other relatives, and took in the Treasure Island exposition. It was their privilege to see the "Swing" Mikado, a modernized version of the celebrated Gilbert and Sullivan comic opera as interpreted by a cast of colored players. Upwards of 125 people were in the production, which the Heppner folks contend was one of the great attractions at the fair the past week.

Postmaster Chas. B. Cox and L. E. Bisbee returned Tuesday evening from Ashland where Cox attended the Oregon state postmasters' convention and Bisbee enjoyed the Ashland climate. The return trip was made via Diamond lake where the Heppner men had some good luck angling. They report the weather rather cold at Diamond but weather is no deterrent to ardent fishermen if the fish are hungry. Both men report a good time in the southern Oregon city, which they claim is genuinely hospitable.

Mr. and Mrs. W. O. Dix returned Tuesday from a ten-day trip to San Francisco where they visited the fair. Dr. Alfred E. Jones, sight specialist of Boise, Idaho, was at the Heppner hotel last Friday. The doctor uses the new Bosch & Lomb Ferris-Rand projector, similar to a movie projector, to throw different letters, colors and designs on a screen. This makes for more thorough examination. Watch this paper for next visit.

## Queen's Wool Cloth Captures Women

Oregon State College—A piece of wool dress material, almost as sheer and soft as silk, had women of the Oregon State grange convention "oh'ing and ah'ing" as they crowded around to feel as well as see. The piece of fabric was a yard from the bolt of cloth used in making the gown presented to Queen Elizabeth of England and worn by her when she arrived in Washington, D. C. The dress was a gift from the wool growers of the United States. The sample was shown here by R. A. Ward, manager of the Pacific Wool Growers' cooperative.
