

500 Cow Elk To be Taken in Open Territory

200 Permits Al-
ready Issued;
New Orders Out

Much interest is being expressed by hunters in the order of the game commission permitting the taking of 500 adult cow elk during the regular bull elk season, October 29 to November 12, in Morrow, Baker, Grant, Wallowa, Union and Umatilla counties. These permits will be issued in the order the applications are received and already the game department has received over 200 applications. The fee for a cow elk tag is \$5 for residents and \$25 for nonresidents in addition to the regular hunting license fee. A separate tag must be secured for bull elk, fee for which is the same as for cow elk.

The antelope season has been advanced to October 6, 7 and 8 and a total of 600 permits will be issued this year to be divided as follows: 300, Lake county; 150, Harney county, and 150, Malheur county. These permits will likewise be issued to those making application first, and the fee is \$5 for residents and \$25 for nonresidents in addition to the hunting license.

Permits for 500 antlerless deer will be issued for the territory immediately adjacent to the Mule Deer game reserve in Lake and Klamath counties. These permits can be used any time during the regular deer season, September 20 to October 25, and the fee is \$5 for residents and \$25 for nonresidents.

An act passed by the last legislature will likewise permit the taking of one antlerless as well as one buck mule deer in a large portion of Grant county during the open season from September 20 to October 25. A fee of \$1 will be charged in addition to the regular hunting license for taking antlerless deer in this area, and there will be no limit as to the number of such permits to be issued.

Printed copies of the complete hunting regulations including maps of the areas covered by the special orders, will be available about August 10.

Willows Home Ec Club Has Meeting

The Home Economics club of Willows grange met July 21 at the home of Geneva Palmer with sixteen members and fifteen visitors present.

Several pretty aprons were turned in and there are also quite a number to come in yet. The apron committee is giving two prizes for aprons turned in by the club members. One prize will be for the prettiest apron and the other one for the most practical apron.

It was voted that we enter a float in the Rodeo parade this year. The committee is composed of Mary Lundell, Anna Ball and Mary Lindsay.

Marjorie Baker gave a nice report on Home Economics work, that she heard at state grange.

It was announced at club that the grange meeting August 13 at the Lundell home will be an all-day affair and a picnic dinner will be served at noon.

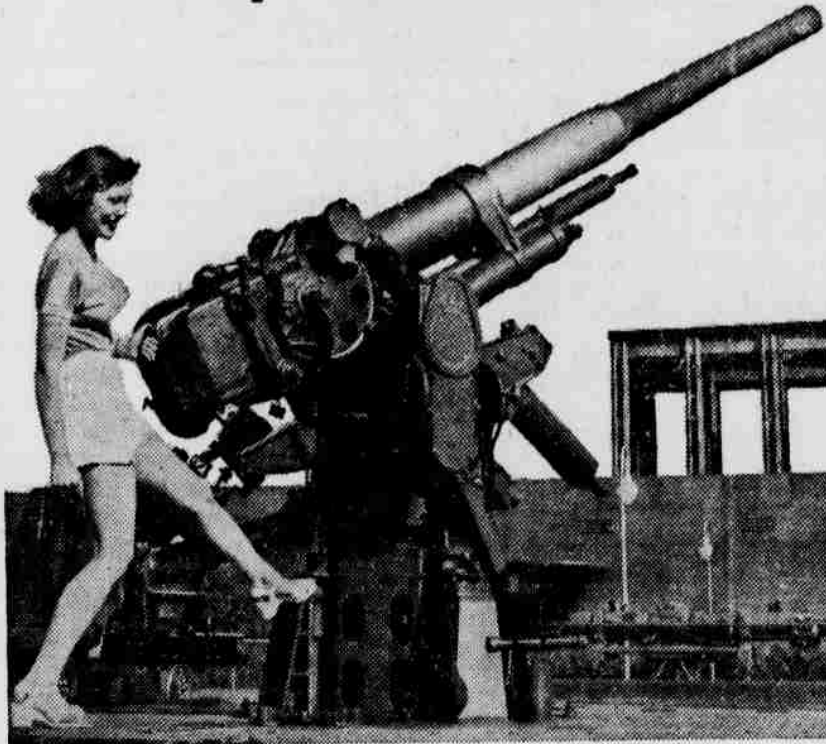

Those making drawings from the birthday box were Roxy Krebs and Clara Newlin, both receiving nice gifts.

The hostess served refreshments of cake, salad and punch.

The June meeting was held at Vida Heliker's instead of Martha Dismore's. Mrs. Dismore became ill and was unable to have the meeting. The August meeting will be at Marie Ledbetter's.

A total of 187 resident drivers involved in traffic accidents in Oregon during the month of June had no driver's licenses, according to figures reported to Earl Snell, secretary of state. One of the accidents resulted in a fatality and 24 in injuries.

Ready!! Aim!! Fire!!!

Fourth of July festivities on Treasure Island opened with a "bang" when Sandra Lindberg, Exposition glamour girl, fired the Army's 155mm fifteen mile range artillery gun at Camp Hunter Liggett. The Army's National Defense Exhibit at the Federal Building on Treasure Island is one of the most colorful and comprehensive shows ever assembled by the U. S. government. In the background can be seen the Federal Building's gigantic "Colonnade of States".

SPOT GOAT DISEASE

Oregon State College—Veterinarians here have recently reported the finding, for the first time, of a disease known as caseous lymphadinitis in milk goats. This is a disease that

had previously been found in connection with so-called "lunger" disease in sheep. The disease was characterized by abscesses that developed on the neck near the point of the shoulder.

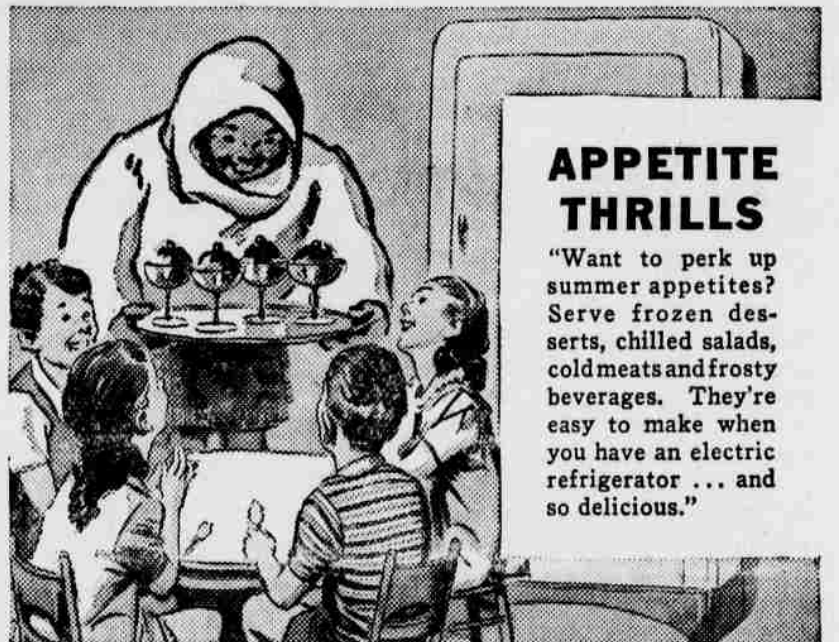

Electric REFRIGERATION

saves so much
—costs so little!

ELECTRIC COLD STAYS COLD

"An electric refrigerator maintains a temperature constantly lower than 50°F.," says the Scotch-Eskimo, symbol of electric cold. "Ice cubes freeze fast. Foods stay fresh and wholesome for days. You can buy vegetables, meats and fruits in larger quantities, both saving money and cutting down trips to market."

APPETITE THRILLS

"Want to perk up summer appetites? Serve frozen desserts, chilled salads, cold meats and frosty beverages. They're easy to make when you have an electric refrigerator ... and so delicious."

CHEAP TO USE

"An electric refrigerator costs the average Pacific Power & Light Company customer less than 3c a day to operate. This is because P.P.&L. electricity is cheaper than ever before. Decide now to defy summer heat with low-cost electric refrigeration."

Figure and name "Scotch Eskimo," reg. U.S. Pat. Off.

● Have you seen the 1939-model electric refrigerators? They're tops in beauty, performance and new convenience features. They cost so little to operate ... and are priced amazingly low.
