

# School District Reorganization Law

(Continued from last week)

## § 35-5510 \*\*\* Method of voting

The vote on the question of rejecting the state commission's order of adoption shall be by ballot, and the ballots shall have written or printed upon them "For reorganization—yes"; "For reorganization—no"; and the chairman of the meeting shall appoint two tellers who shall receive and count the ballots; provided, that in districts of the first class the judges shall be appointed in the manner now prescribed by law. The district clerk, or a person authorized by the board to act as such, shall keep a poll list and record thereon the name of each person voting upon such question at such meeting before such vote is received by the tellers. After all legally qualified school electors present have voted if they so desire, the chairman shall declare the vote closed, and the tellers or judges shall proceed to count the votes in the presence of the chairman.

## § 35-5511 \*\*\* District clerk to send results of election to county boundary board

The district clerk shall keep a tally sheet of the votes as counted by the tellers, which tally sheet shall be certified to as correct by the clerk, and signed by the chairman and tellers. The tally sheet, poll list, and ballots shall be placed in a sealed package by the district clerk, who shall indorse thereon the number of the district, the name of the county in which it is situated, and the date on which said election is held. Such sealed package, together with a statement of the result of said election, signed by the chairman and the district clerk, shall be forwarded by the district clerk within five days after said election to the district boundary board, directed to the county school superintendent as a member thereof. The district boundary board shall, within ten days after the receipt of the sealed returns of such election, open the same and proceed to canvass the votes.

## § 35-5512 \*\*\* Canvass of votes by district boundary board—Notifying districts or results—Rearranging and reorganizing remaining territory

If the district boundary board shall determine from the returns that a majority of all votes cast in the original school district voting is in favor of the reorganization, it shall immediately notify the district school board of the district concerned of the result of the election and the order of the state commission shall be considered affirmed insofar as it pertains to the district. If the district boundary board shall determine from the returns that a majority of all votes cast in the original school district voting is against the reorganization, it shall immediately notify the district school board of the district concerned of the result of the election and the order of the state commission so far as it pertains to the district voting shall be considered as rejected and nullified. After such district boundary board shall have canvassed the votes on the proposition of reorganization the county school superintendent shall preserve in his office the ballots, tally sheets, and poll lists in their original envelope for a period of one year. The state commission, through the local reorganization committee, shall assume jurisdiction in rearranging and reorganizing the territory remaining after the withdrawal of an original school district or districts from a reorganized district.

## § 35-5513 \*\*\* Classification of school districts

All districts formed under the provisions of this act shall be classified as districts of the first, second, or third class, according to the provisions of section 35-902, Oregon Code 1935 Supplement.

## § 35-5514 \*\*\* District school boards of first class districts

If such reorganized school district, at the time of its reorganization, shall contain enough children of school age, as shown by the last school census, to be classed as a district of the first class, the district school board of said reorganized district shall consist of five (5) mem-

bers, each of whom shall hold office for a term of three (3) years, to be chosen as follows: The directors of the most populous of the districts of which said newly reorganized district was formed, as shown by the number of children of school age, according to the last school census, shall be the district school board of such newly reorganized district until the first annual school meeting after the reorganization, when there shall be elected five (5) directors to hold office, two (2) for a term of three (3) years, two (2) for a term of two (2) years, one (1) for a term of one (1) year, the term of each to be determined by lot at the first regular board meeting after election; provided, that the board members of any district that was a district of the first class prior to reorganization and to which only parts of districts have been added shall continue in office to the end of their elected term of office. When but four districts have been reorganized into a single district which takes the classification of a first class district, not more than two of the five board members may be elected from any one of the original districts included in such reorganization, except as otherwise provided in this act, and when more than four districts enter such a reorganized district, then not more than one of the five board members shall be elected from any one of the original districts; provided, that in any election if no candidate is nominated from a district from which a board member is entitled to be elected and if no person in such district receives one or more votes, the candidate, or candidates in cases where there is more than one vacancy on the board of directors, coming from any other district, and receiving the greatest number of votes, who would not otherwise be elected or eligible to the office of school director in the district, shall be declared elected.

## § 35-5515 \*\*\* District School boards of second and third class districts

If said reorganized district, at the time of reorganization, shall not contain enough persons of school age, as shown by the last census, to be classed as a district of the first class, the district school board of said reorganized district shall consist of three (3) members chosen as follows: The directors of the most populous of the districts of which said reorganized district was formed, as shown by the number of children of school age, according to the last school census, shall be the district school board of said reorganized district until the first annual school meeting after reorganization, when there shall be elected in each such reorganized district three directors, who shall hold office one (1) for a term of three (3) years, one (1) for a term of two (2) years, and one (1) for a term of one (1) year, the term of each to be determined by lot at the first regular board meeting after the election; provided, that board members of a district, the boundaries of which are unchanged by reorganization, shall continue in office to the end of their elected term of office. When but two districts have been reorganized into a single district which takes the classification of a second or third class district, not more than two board members may be elected from any one of the original districts included in such reorganization, except as otherwise provided in this act, and when three or more districts have been reorganized into a single district which takes the classification of a second or third class district, not more than one board member may be elected from any one of the original districts included in such reorganization; provided, that in any election if no candidate is nominated from a district from which a board member is entitled to be elected and if no person in such district receives one or more votes, the candidate, or candidates in cases where there is more than one vacancy on the board of directors, receiving the greatest number of votes coming from any other district, who would not otherwise be elected or eligible to the office of school director in the district, shall be declared elected.

Automobile accidents killed approximately twice as many persons as lost their lives in industrial accidents during the year 1938, Earl Snell, secretary of state, said today. Industrial fatalities totaled 16,500 while automobile accidents took a toll of 32,500 lives.

## § 35-5516 \*\*\* Further of district boards and officers

After the election of members of the board of directors as provided in this act, a director or directors shall be elected each year, and all vacancies in the board shall be filled as provided by law.

The terms of the school officers of all districts included in a reorganized district shall expire on the date of reorganization except those in the most populous district in the reorganized district, whose term shall expire at the next annual school meeting except as otherwise provided in this act.

## § 35-5517 \*\*\* General laws to apply to reorganized districts—Transportation

All laws governing regular school districts and officers shall apply to districts reorganized under the provisions of this act; provided, that in any reorganized district taking the classification of the second or third class the board of directors in said district may provide transportation for pupils when it is deemed advisable by the said board without the necessity of being so authorized by the legal voters of the district as provided in section 35-919, Oregon Code 1935 Supplement. The district board may and upon petition of ten (10) legal voters or one-third (1-3) of the legal voters of said district shall call an election for the purpose of voting upon the question of furnishing transportation as provided in section 35-919, Oregon Code 1935 Supplement.

## § 35-5518 \*\*\* Determination of attendance units

The district school boards of reorganized districts shall have power to define and determine attendance units within their districts irrespective of units recommended by the county reorganization committee or the state commission.

## § 35-5519 \*\*\* Appropriation for county reorganization committee from county school fund

For the purpose of carrying out the provisions of this act, there shall be appropriated by the district boundary board from the county school fund for the expense of the county reorganization committee, an amount not to exceed three hundred dollars (\$300) in each county affected by this act. (Chapter 468, Oregon Laws, 1939, H. B. 321.)

Automobile accidents killed approximately twice as many persons as lost their lives in industrial accidents during the year 1938, Earl Snell, secretary of state, said today. Industrial fatalities totaled 16,500 while automobile accidents took a toll of 32,500 lives.
