WE HAVE AN ANNIVERSARY!

Dear Friends:

September is an Anniversary Month for usa sort of birthday anniversary-for it was on September 11th, 1920, that the new Star Theater opened in its present location with B. G. Sigsbee as Owner-Manager.

Quoting from the Gazette Times of Sept. 9, 1920:

"Heppner's magnificent theater, the new Star, will open its doors to the public Saturday evening, September 11th . . . Located in the new Elks Building, it is modern throughout . . . Seats are firmly set to the inclined floor . . . interior furnishings are elegant . . . A feature is the new Duo-Art Piano, modern picture machines and lenses, representing an investment of \$5000.00. Every detail for the comfort of patrons has been looked after.

"Mabel Normand in one of her latest and best pictures, PINTO, has been booked for the opening

This was ten years before we installed our first talking picture equipment, long before carpets and cushion chairs were available for small towns, theatre ventilation was unheard of, projection and sound equipments have made great strides since then, but our policy in these nineteen years has never changed: Our greatest concern still is to look after every detail for the comfort and entertainment of our patrons.

We are grateful for this opportunity to thank you for your patronage in the past and to tell you how earnestly we will expend every effort to continue to merit your patronage and friendship in the future.

Sincerely,

STAR THEATER,

SADIE M. SIGSBEE ELAINE S. FURLONG
