**Christian Endeavor  
Has Party, Hardman**

By HARDMAN HIGH SCHOOL  
A Christian Endeavor party was held at the church Saturday evening. Before the party a business meeting was held, the main business being election of new officers. The following will serve for the coming year: Pat Bleakman, president; Maxine McDaniel, vice-president; Frances Inskip, secretary; Joe Stephens, treasurer; Ethel Knighten, advisor; Edna Stephens, pianist, and Maxine McDaniel, song leader. Refreshments consisted of sandwiches, cookies and punch. Church services will be held in the church Sunday at the regular hour. The new archdeacon of eastern Oregon, Eric Bobathan, will be out on that day. Henry and Tommy Graham at-

tended the dance Saturday night and visited here Sunday. Mrs. Dewey Britt, who has been visiting at The Dalles, returned home Sunday. Mr. Britt went to get her. Carl Leathers and Earl Redding came over one day last week from Bates where they are working. Earl came to see his new daughter. Mr. and Mrs. Carey Hastings and daughters and Mr. and Mrs. Max Buschke and Carol were visitors in Pendleton Friday. Mrs. Frank McDaniel received a serious burn Saturday. Elwood Hastings took her to a physician in Heppner. Misses Rita and Ann McIntyre and Charlotte Cannon spent the week end at their homes. J. E. Craber went to Ashland Wednesday to bring Mrs. Craber home. Gordon stayed there for further treatment. The Birthday club held a party Friday in honor of Mrs. Sam McDaniel, Jr., and daughter Maxine and Mrs. Harlan Adams, at the McDaniel home. Refreshments were chicken sandwiches, cake and coffee. At the business meeting it was decided to discontinue the club. J. H. Allen and sons, Ernest and Loren, returned to Hardman last Thursday. They have been picking apples near Yakima and Toppenish. Mr. and Mrs. Earl Redding are the parents of a daughter, Patricia Eileen, born Wednesday of last week. Friends in Hardman were pleased to see the picture of Mrs. Elmer Musgrave with her pupils in Friday's Oregonian. Mrs. Musgrave is teaching at Bates and the school is being held in a railway coach. Owen Leathers and Dewey Britt left Monday morning for Bates where they are going to work for the Bates Logging company. A soft ball game between the grade school and high school was played on the high school diamond Wednesday of last week. Since the high school team was strengthened by the addition of another student and the grade school weakened because their catcher, Lee McRoberts, was absent on that day, the high school won by a larger score than last week, 38 to 10. There was a good crowd, good music and a good time at the dance last Saturday night. There will be the same orchestra at the next dance October 21. Those in Heppner Sunday, most of whom attended the show and car races, were Mrs. Carl Leathers, Mrs. Bernard Bleakman, Mrs. Raymond McDonald, Mrs. Roy Robinson, Misses Pat Bleakman, Lurline Sparks, Oleta Raimey, Jean Leathers, Vern and Vera McDaniel, also Dallas McDaniel, Darrel Farrens, Creston Robinson and Jim Stevens. Henry Robinson of John Day was a visitor here a short time Thursday. Mr. and Mrs. Ted Burnside went to Portland Saturday where Mr. Burnside will receive medical treatment. Victor Johnson of Heppner took them down in his car. The weather this last week was warm for the first part of the week. On Wednesday, however, the day on which the baseball game was played, the wind blew strongly all day, causing much dust to be blown into eyes, and many cold fingers. At this writing the weather is much better—really promises a very pleasant week. "Keep the interior of your car well ventilated if you wish to avoid traffic accidents," advises Earl Snell, secretary of state, who is conducting a vigorous campaign to reduce accidents during the winter months. A warm, moist, ill-stirred atmosphere in the interior of a car may be the cause of an accident because in such conditions the individual may not react properly, physicians say. The warm, humid air causes blood to be diverted from the skin in an attempt to cool the body. This action likewise takes blood from the brain and slows down the individual's reaction. Therefore, even in modern cars where there is little danger from escaping carbon monoxide gas, it is important to have some form of ventilation if the driver is to function with the utmost efficiency.
