What's your score on this amusing **BETTER LIGHT QUIZ?**

... Try it on your friends!

Look over these facts about Better Light and Better Sight. Select the one you think is right. Then compare it with the correct answer. No prize if you winbut the advice is good.

LIGHT CONDITIONING IS:

- 1. Sleeping on your face.
- 2. Enough light in the right places for comfort and easy seeing.
- 3. Shaking down your husband.

Light conditioning gives you Better Light for Better Sight ... makes your home a place for seeing safely. If you wish, one of our home lighting advisors will call with a Light Meter and show you how easily you can light condition your home. No. 2 is correct.

- 1. Torches used in ancient Rome.
- 2. Scientifically-designed Better-Sight lamps.
- 3. Lost collar-button detectors.

The soft, abundant light of I. E. S. lamps helps guard your precious sight and makes reading or other close work a real pleasure. They add charm to every room. Every student should have one. See the displays at dealers or P.P.& L. office today. No. 3 is the correct answer.

EYESTRAIN MAY BE CAUSED BY:

- 1. Looking at new fall styles.
- 2. Inadequate or harsh, glaring light.
- 3. Examining negatives in your darkroom.

It's no secret that wherever you find poor light you find eyestrain and tired, overworked eyes. Guard against eyestrain by visiting an eyesight specialist regularly and by providing plenty of GOOD light in your home. No. 2 is correct.

BETTER LIGHT COSTS:

- 1. As much or as little as you wish.
- 2. Approximately \$1,000 a month.
- 3. The price of a new Fall hat.

There's no reason in the world why every family can't have really good light all the time! Lighting equipment is so reasonably priced, and Pacific

Power & Light Company's rates are so low. Start light conditioning your home today. No. 1 is correct.

Sight is priceless; light is cheap with P.P.&L. ELECTRICITY
