## AAA Payments Ahead Last Year's Schedule

Oregon farmers, who will receive about four million dollars for co-operating with the 1939 agricultural conservation program, have now received approximately half this amount, according to the state AAA office in Corvallis.

Payment of the remaining two million dollars is going forward rapidly, it was said. As soon as county offices have completed applications of farmers for payments, they are sent to the state office for approval and then forwarded to the U. S. disbursing office for payment.

Rate of payments for taking part in the 1939 farm program is considerably ahead of the schedule maintained a year ago, said N. C. Donaldson, state executive assistant.
