

# Local News

Mr. and Mrs. F. S. Parker accompanied their son, Vawter Parker, to Pendleton this morning to attend the annual meeting and banquet of the Pendleton Production Credit association. Mrs. Parker will go on to La Grande to spend the week end with her daughter, Kathryn, student at Eastern Oregon College of Education.

E. W. Peck and Lester Utthey of Boardman were transacting business in Heppner Monday. Mr. Peck operates the electric plant that furnishes Boardman with lights and power. Snow to the depth of three inches fell in the north end of the county last week but was gone around Boardman Monday.

T. A. Wylie, owner of the Wylie Monument works at Walla Walla, was a business visitor in Heppner Wednesday. Mr. Wylie made business calls here at regular intervals a number of years ago, his acquaintance dating back to 1912 when he represented a similar business in The Dalles.

R. J. Craber of Hardman was transacting business in Heppner Tuesday. He states that farmers of the south end of the county have declared war on stock-chasing dogs with the result that a number of canines have been despatched in recent weeks.

Mrs. Spencer Crawford returned from Portland Sunday where she had been since Mr. Crawford underwent an operation late in December. Mr. Crawford continues to improve, according to word brought by Mrs. Crawford and letters received by her this week.

Mr. and Mrs. J. G. Barratt left Tuesday evening for Portland. Mr. Barratt was called to the city to attend the annual meeting of the Northwest Livestock Production Credit association of which he is a director.

Ray P. Kinne left Wednesday for Portland to spend several days on business. He went by way of Pendleton taking Hubert Gaily to his new position with the Pacific Power & Light company.

Mr. and Mrs. E. O. Ferguson and Mr. and Mrs. R. B. Ferguson drove to Portland Sunday where on Monday the men attended a meeting of Shell representatives. They returned home Tuesday.

Mrs. V. Lehman of Portland is a guest at Hotel Heppner, coming here Wednesday evening to visit her son, George Schlagle, who is recovering from an attack of pneumonia at Camp Heppner.

Janice Melba is the name given a 10-pound baby girl born to Mr. and Mrs. Vernice Crawford of Ione at the Aiken maternity home Sunday, Jan. 14.

Mrs. Norma McRoberts and son of Monument are guests this week of Mr. and Mrs. H. O. Bauman at their ranch home north of Heppner.

Dr. J. P. Stewart, Eye-Sight Specialist of Pendleton will be at the HEPPNER HOTEL on WEDNESDAY, JANUARY 24th.

High grade piano. New type spinet. Will sacrifice for quick sale. Cash or terms. Write P. O. Box 418, Pendleton, Oregon. 45-47.

Adrian Engelman writes from Hermiston to have the Gazette Times sent to him there. He lived at Fossil until recently.

Julian Rauch, wheat rancher of the North Lexington section, was looking after business matters in Heppner Monday.

Mr. and Mrs. A. C. Warren, residents of the Dry Fork section, were transacting business in Heppner Tuesday.

V. W. Crawford, farmer of the Wells Springs vicinity, was a business visitor in Heppner Saturday.

E. M. Baker and family were in Heppner Tuesday from their ranch home southwest of Ione.

Mr. and Mrs. S. T. Robison were in Heppner Tuesday from their home near Hardman.

George Snyder, Rhea creek rancher, was a business visitor in Heppner Tuesday.

Frank Engelman of Ione was a business visitor in Heppner Saturday.

## Fair Economic Balance is Need Of Agriculture

"No sustained recovery movement can be achieved in this country until agriculture is stabilized, and until fair economic balance between all groups has been attained," said Mac Hoke of Pendleton, president Oregon Farm Bureau federation, in addressing a farm audience in Baker Saturday.

"There is no question but that there is potential demand for goods and services far beyond the capacity of our productive industrial plant," said the speaker, "and that demand can be made real once balance has been established so that people can trade with each other on fair terms.

"Agriculture's income is far above 1932, but it will have to be raised still more, or industrial prices will have to be drastically reduced, if agriculture is to absorb the volume of industrial goods that it must absorb in order to do its part in creating industrial employment great enough to get the country in 'high gear' once more.

"In order to have more, this country must produce and sell more. I am not referring to agriculture, for we are now producing much more than can be used, even with the help of export subsidies and the giving of surpluses to relief families. I am referring to industry, which in 1938 produced 20 per cent less volume of goods than in 1929. Our industrial world is paying the penalty of artificial restrictions, imposed by both capital and labor, which have been employed for generations. The tariff is restrictive, monopolies are restrictive, excessive hourly rates for labor are restrictive. All have tended to limit the volume of goods and services that the public can pay for, and all have contributed their part to the economic stalemate that exists in our national economy.

"The log-jam must be broken if we are to have the kind of a country that you and I want to have. It would be easy enough to break it through dictatorial methods, but that is not the American way. I believe we have enough intelligence and resourcefulness to do it by democratic methods. The problem is simple. We have the almost limitless natural resources, the skilled labor, the industrial facilities, the money and the men necessary to produce a national income of perhaps 100 billion dollars. We have potential demand for the goods we could produce; but so far we have not found the key to the puzzle of poverty in the midst of plenty. Some way must be found to gear the various elements together so as to function effectively for the national welfare.

"Rates of labor are an important factor in high prices. I don't want to give labor less, but more. I mean that the hourly concept is wrong, and should be superceded by the annual-wage concept. There is plenty of evidence that the labor groups which receive high hourly wages, such as carpenters, would be glad to surrender a great deal in hourly rates in return for a guaranteed annual income. Somehow or other employers, employees and the farm groups must be brought to mutual understanding on such problems, and then real progress can be made.

"Farmers stand ready to do their part. They have never asked for arbitrary prices, but only parity prices, which are prices which will enable them to trade commodities for the goods produced by others, on a fair basis. I believe some sort of parity yardstick can be worked out to apply to labor and to industry also.

Let G. T. Want Ads help you dispose of surplus stock.

## Large Crowd Attends Sadie Hawkins Dance

One of the best school shindigs of the year was the Sadie Hawkins' hop starting Leap Year off with a bang.

The jamboree was carried off in the usual Dogpatch style with the femmes dragging 'em in (and footing the bills).

Many dark clouds of the future were cleared up by Ol' Man Mose before he finally kicked the bucket. And Marryin' Sam did his part by hitchin' up Kingsley and Jimmie, for the usual fee, of course.

Out of consideration for the weaker sex (the men) someone left the gasoline out of the kickerpool juice, no doubt causing some disappointment.

Old faithfuls, the Pansy and Lucifer Yokum type, who lent an air to the affair were Bill and Shirley, Norma and Jack, Richard and Nelma, Connie and Don, and Frances and Donald B.

The couples of the Daisy Mae, Little Abner type were Joe and Dorothea, and Neta and Jimmie.

Norval and Dubby seem to like the Hairless Joe—and Lonesome Polecat idea—that any feller is a poor ijt to get hitched up.

Perhaps you all would like to hear of some other interesting couples such as Lois Jones and Tommie Starkie, Wilma and Bob Pinckney. Comment: Mistle Toe seems to be a year around favorite.

## C. E. Activities

A Christian Endeavor essentials course is being taught every Sunday afternoon at the Christian church parsonage under Mr. Clark, pastor.

Five people are taking the course, which will be held for the next two months, every Sunday afternoon at 2 o'clock.

At the end of the course a test will be given and all those passing the examination will be given a recognition and degree at the state Christian Endeavor convention at Dallas in April.

The course is a study of Christian Endeavor history, and duties of various officers and an explanation of the C. E. pledge.

## Guess Who!!!

A senior boy with blondish hair. He and "her" make a lovely pair. Loves to argue in a debate. When he loses he begins to hate—everybody and everything—but her.

She is a senior lassie. Very "queenly" and classy. The Girls' League president. Makes Heppner temporarily her residence.

## Heppner Defeats Fossil

Hepp won their second game of the conference to give them a definite lead by defeating Fossil 23-17. Line-ups with points follow: Heppner, O'Donnell f 4, Snow f 2, Drake c 7, Pinckney, rg, Crawford lg 6, Merrill, Osborn 2, Wray 2. Fossil, Dean 7, Johnston 6, Metteer 1, Wham, Morris 3.

Standings of the different schools in the conference follow, Heppner 1000, Condon 666, Arlington 500, Fossil 000.

## Annual Staff Chosen

Chosen last week by the student council for the annual staff were, editor, Clara Adams; associate edi-

tor, Kathryn Thompson; business manager, Lowell Ashbaugh; assistant business manager, Howard Wray. The rest of the staff will be chosen by the editor and the assistant editor with the approval of the advisors.

## FFA GIVES DANCE

To celebrate the completion of the FFA building the FFA boys gave a dance last Friday night and invited all the members of the student body. The crowd danced until 10:30 and refreshments of punch and cookies were served at intermission.

## School Masters Club Meets

The North Central Oregon School Masters club held their monthly meeting at the Heppner hotel Monday evening at 6:30. Numbers on the program included songs by a faculty women's quintet composed

of Heppner teachers, a Spanish and a Mexican dance by Miss Blair and Mr. Knox and a summary of the educational program in the CCC camps by Lt. Hanford of the local camp.

Mr. Parker of Echo gave a report on the recent meeting of the executive committee of the board of control of the Oregon High School Athletic association. Discussion about the reduction of the age limit for high school athletic participation to from 20 years to 19 years by the executive committee of the state association indicated quite a little dissatisfaction over this ruling.

Mr. and Mrs. Claude Huston were business visitors in Heppner Saturday. They experienced some difficulty in getting from their place to the highway but are not complaining about the snow.
