

### Mustangs Win "A" Title Friday Night

the rest period to spark the Mustangs into scoring one more point than Irrigon did during the third quarter, which ended Irrigon 21, Heppner 20. Crawford brought the crowd to its feet when he stole the ball away from Jones and dribbled down the floor to sink a close-in shot that put the Heppner boys within striking distance of their opponents.

It was Crawford again in the opening of the fourth canto who scored a field goal to put the Mustangs in the lead momentarily, but the Irrigon five dropped in two more buckets to change the lead again. Snow handed Heppner another point by way of the foul line and a short time later Scrivner knotted the score at 25-25 with 3½ minutes left in the ball game. Irrigon's men rallied fast to sink four buckets in the closing minutes to put the game on ice and to bring the Wheat league play-off title to a "B" division team for the first time.

Lineups:

O'Donnell (7) f. Markham

Subs: Heppner, Merrill, Scrivner (2); Irrigon, Rucker. Referee, Jack Loyd of Echo.

The Heppner high basketball team will open the sub-district 13-B basketball tournament at Condon with fire in their eyes, determined to get another crack at the Wheat league champion Irrigon quintet if both teams can go through the tournament unscathed until the final game at 9 p. m., Saturday.

Heppner meets Ione at 1 o'clock in the afternoon and if the Mustangs can clear that hurdle, will meet Umatilla at 9 o'clock in the evening. If the Knox men can get by this hurdle, they will meet the winner of the Condon-Echo game at 1:30 on Saturday and should clear this obstacle with little difficulty. This would assure the Mustangs of a crack at the tournament crown.

In the lower bracket, Irrigon will have to dispose of Lexington in order to meet the winner of the Fossil-Boardman game at 2:30 on Saturday. If the Comets continue their winning streak, they will be fighting for the crown in the tournament final and a chance to move on to Arlington for the district finals on the next week end.

### Branch Warehouses Taken by Farmers

of \$25,500. A report by Ryan shows that when he assumed management of the concern in 1937 there had been no payments made on the investment and that since that time the indebtedness has been reduced \$7,350, working capital increased \$1400 and the undivided profits increased \$4700. Accrued storage on hand June 1, 1937, amounted to \$825. This with two fair crops has accomplished the above results. Earnings for 1939 will show an additional reduction in this indebtedness.

Financing of the new set-up will come through the Bank for Co-Operatives, a subsidiary of the Farm Credit administration. The bank has agreed to advance \$21,600 in cash to complete the deal, with the provision that the Morrow County Grain Growers, Inc., first sell \$5000 in stock to farmers of the county. This is for the purpose of giving the farmers an opportunity to prove their faith in the proposition. The balance of the deal, \$14,400, will be taken in preferred stock of the Morrow County Grain Growers, Inc., by stockholders of the Ione Farmers Elevator company. The backers of the new project feel that this is a guar-
