THE RECORD... Facts That Concern You No. 16 of a Series

"THANKS FOR A LOVELY EVENING..."

A new kind of beer retailing is bringing wholesome recreation to millions of Americans!

America's new kind of beer retailer wants to sell good beer, of course... but he is also keenly aware of his social responsibility to the community. He makes sure that his place is clean and inviting—and scrupulously free of anti-social influences of any kind.

The Brewing Industry wants all of beer's retailers to be of this type. We do not want any other kind. And we are taking

action to eliminate any abuses in beer retailing that may occur.

We have instituted a new plan... now in effect in a few states and being extended as rapidly as possible... to protect your right to drink good beer in decent surroundings. May we tell you about it... in an interesting free booklet? Write: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.
