Scout Camporee Set for Immigrant

An all council camporee for Boy Scouts of the Blue Mountain district will be held at Immigrant Springs state park Saturday and Sunday of this week, according to announcement received from the district supervisor, O. E. Hoover.

The purpose of the camporee is to have patrols of scouts come into camp carrying all of their equipment necessary for the duration of the camp, set up their camp under the direction of the patrol officers, carry out a satisfactory patrol camping program, doing everything on a patrol basis, and, at the close of the camporee, to break camp, repack their equipment and carry it off as though they were packing it home.

Scoutmasters, assistant scoutmasters, junior assistant scoutmasters and troop committeemen will be used to observe and judge. Each troop should furnish part of the adult leadership and enter one or more patrols.

but little is said of the ones caught or of the spills in the creek.

Instead of the expected increase in tourist traffic to the west coast this year due to the war in European countries which is keeping Americans at home figures for the first four months of this year show a decline of nine per cent in the number of foreign cars entering the state as compared with the same period a year ago. The travel information bureau of the highway department, however, predicts that this loss will be more than made up by increased traffic this summer, attracted to the coast by the San Francisco fair.
