Official Paper for Morrow County

Days of Drives Here Again

ANOTHER World war is being waged and once again America, a non-belligerent nation, is being pressed into the role of the Good Samaritan. America, the richest nation on earth, is looked to for assistance, and America as usual will not shirk her duty. Already large sums of money have been forwarded to relieve the suffering of war refugees and more relief money will have to be sent overseas if the lives of thousands of innocent victims are to be spared.

This week the American Red Cross society issued a call for additional funds. The original sum asked for has been doubled and in all probability there will be calls for additional quotas before the present sum is subscribed. Morrow county was asked to raise \$310 as its share of the original \$10,000,000 and before the local organization could get under way to secure that amount an appeal came for \$620.

There is little doubt that the sum will be raised, and it must be raised immediately. The destruction is being wrought so rapidly that each day adds thousands to the list of sufferers. Red Cross units operating within the war zone can not cope with the situation and their forces must be augmented with money, supplies and workers. The stricken countries are depending upon us and we can not fail them.

Red Cross workers will be in your neighborhood within the next few days. They will be working for a worthy cause and will be entitled to courteous consideration. If given proper cooperation, they will accomplish the purpose for which they are working and Morrow county will once more go on record as doing its bit for humanity.

HARDMAN NEWS

Hardman Mourns Loss of Neighbor

By HARDMAN HIGH SCHOOL

Everybody called him Jap, and all day long till late in the evening he had a string of visitors. The children took him their shoes to be mended, the men went there for hair cuts, and everybody collected there when war questions arose and just had to be discussed. So all will miss Jap.

Jasper Christopher Walker was born at Morgan, here in Morrow county, in 1878, and died on May 23. He spent most of his life right here but during the last 26 years he was practically an invalid.

He is survived by a daughter, Mrs. Clarence Morris of Townsend, Mont., and a son, Eslie Walker of Lexington; also a sister, Mrs. Harriet Baird of Klamath Falls. There are three grandchildren, Norma Morris, Betty Walker, and Glen Walker.

On Tuesday Wilbur Knighten left for a visit with his sister, Mrs. Emil, in Oregon City. He was accompanied as far as Portland by Marvin Saddler who will visit with his father.

The weather during the last week has been very invigorating. The gardens would have used the word harmful, for on several nights there was ice. In some places on watering troughs it was a quarter inch thick and had to be broken. The flowers, as well as potatoes and cabbage show marked resentment at such cold treatment.

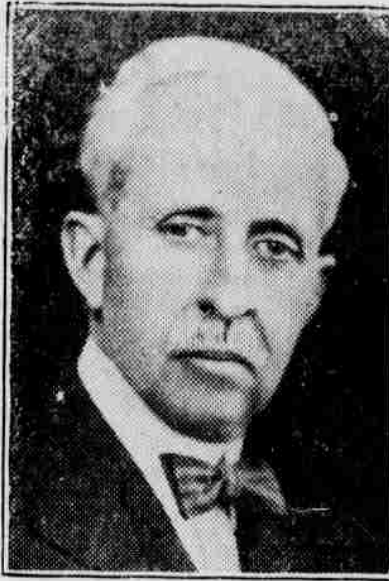

Dr. and Mrs. M. A. Leach of Pendleton are spending the day here participating in the decoration of graves. They are guests at the home of Dr. and Mrs. A. D. McMurdo.

J. C. Penney was born in Hamilton, Mo., where he later clerked in a dry goods store. He opened his first store in Kemmerer, Wyoming, in 1902, as one of three partners. Out of this humble beginning grew the present Penney company with stores in every state in the Union. Starting with little cash, but a definite policy of square dealing, Mr. Penney has proved, through the phenomenal growth of the company, the soundness of his policy.

Livestock 4-H'ers Take Judging Tour

Forty livestock 4-H club members and parents from Lexington, Heppner and Rhea creek participated in a livestock judging and demonstration tour last week.
