Students Complete Course in Driving

Seven Heppler young people recently completed a course in the state driving school conducted here by Chauncey Del French, instructor under supervision of the secretary of state. The course was completed Thursday, May 23, when two lessons were given due to the last one falling on Decoration day.

The students took a deep interest in safe driving methods and made progress in that endeavor, French stated in a letter to this paper. "As a representative of Earl Snell's traffic safety division I would like to express my deep appreciation of the splendid spirit of cooperation given to me by your paper, by the school authorities and the citizens of Heppler," French concluded.

Students completing the driving course are Calvin William Crawford, Margaret Emma Doolittle, Howard Edwin Gilliam, Russell James O'Donnell, Raymond Frederick Parrish, Donald Delbert Wehmeyer and Rev. Frank McCormick.

Wild Life Intrigued by Orchestra Music

Luring wild game to its death by means of music may not be legal but it holds possibilities if the experience had by Charles McElligott and Mr. and Mrs. Warren Blakely last Sunday counts for anything.

While riding in the mountains Sunday afternoon the party saw several deer in the vicinity of Ar-buckle mountain. The animals were little concerned over the presence of an automobile and while not lingering long after its approach they just casually faded out of the picture. McElligott turned on the radio at one spot and the deer began to venture closer. This experiment was tried in several places where the animals were spotted and had the same result in each instance. They would stand still and listen intently, turning their heads first one way and another trying to detect where the strange sound was coming from. Music seemed to have a special appeal to them, the experimenters reported.

Visitor Talks to Missionary Group

The Women's Missionary society of the Church of Christ met Wednesday afternoon at the home of Mrs. Frank Turner. Mrs. R. J. Kitchen, district secretary, was a guest. Her home is in La Grande.

Officers elected for the ensuing year include Etta Howell president; Bertha Johnson, vice president; Mary McMurtry, secretary and Millie Doolittle, treasurer. Refreshments were served by the hostess.

Neighbors Approve Oregon's Methods

California department of agriculture dairy leaders and butter scorers last week voiced generous praise of the improvement that Oregon is making in its butter, says A. W. Metzger, chief of the Oregon department's foods and dairies division. Metzger headed five men from the Oregon department who attended a joint conference and butter scoring at Eureka late in May. The Californians said they had adopted the Oregon idea for scoring butter.

Barley, Wheat Loans Will Assure Incomes

Regardless of uncertain markets due to troubled world conditions, Oregon farmers who grow wheat and barley will have assured incomes as a result of 1940 federal loan programs just announced.

The state AAA office in Corvallis gave as an example a typical Umatilla county farmer who markets his

wheat in Pendleton. If he has complied with the AAA farm program, he will be eligible for a loan of 58.6 cents a bushel on his No. 1 soft white wheat. In addition, he may earn conservation and parity payments totalling 19 cents a bushel on the normal yield of his acreage allotment. If he has an average yield, this means he will have a guaranteed return of approximately 78 cents a bushel for the wheat harvested this year.

Eligible barley growers may borrow 35 cents a bushel for No. 1 grain on the basis of farm storage. Rates will be seven cents less if the barley is stored in warehouses. Interest rate is 3 per cent.

CALL FOR WARRANTS

Notice is hereby given that School District No. 12, Lexington, Ore., will pay all warrants from 180 to 229, inclusive. Interest stops June 12, 1940.

LORENA W. MILLER, Clerk.
