Lions Start Year With Fresh Crew

When newly elected officers of Heppner Lions club accept office they do so at the risk of jeopardizing the family budget, for regardless of how popular they may have been at election time, when voting is free as the air one breathes, it costs something to be inducted into office. At least that's the rule when Tail Twister Clarence Bauman does the inducting, as several Lions learned Monday noon.

When elected two weeks ago, Bauman warned the membership that he intended to keep the little tin bank well filled with nickels and dimes and since Monday's experience there are none to doubt his intentions. It's a case of paying if you do or paying if you don't. The least infraction of Lion laws or rules of conduct will doubtless be the signal for the hard-boiled ex-marine to shout, "That'll cost you a dime!"

First to fall victim to the tail-twister's greed was Lion Marius P. Hanford, who assumed the office of president. Hanford didn't give up without an argument and before the contest ended, Bauman also contri-

Local News

Mrs. Lucy E. Rodgers returned Sunday from Salem and Portland where she spent several days. At Salem she attended the annual conference of the county superintendent's association, which ended Saturday. The conference opened Friday with an address by Governor Charles A. Sprague. This, Mrs. Rodgers says, was an unusual occurrence, inasmuch as Governor Sprague is the first man holding that office to respond to the invitation to appear on the program. Mrs. Anne Sprague of Lake county was elevated from the position of first vice president to that of president for the ensuing year.

Rev. James Wilkins and family have arrived in Heppner from Endicott, Wash., and will make their home here. Rev. Wilkins is the new pastor of the Methodist church, assigned at the recent conference in Portland.

Alvin Pepper and Don Wehmeyer are two Heppner youths joining the C. M. T. C. at Vancouver. They left Monday evening for the summer camp.

TAXES INCREASED

tion fees; steamer passage tickets; safe deposit box rentals; on pistols, revolvers and other firearms; and on toilet preparations.

"Electrical energy will be taxed at 3 1-3 percent of the amount of each power company's monthly sales, an increase of 1-3 percent over the present rate of 3 percent.

Gasoline is taxed at 1 1/2 cents per gallon, and lubricating oil at 4 1/2 cents per gallon under the new law—an increase in each case of 1/2 cent per gallon.

"No increases were made in the taxes on telephone, telegraph, cable, or radio messages and facilities.

"Practically all of the taxes named above were scheduled to expire in 1941; but they have been extended by the new law to July 1, 1945. This is also the case with several other miscellaneous taxes, on which no increase was made, but which would have expired in 1941.

"My office will be very glad to answer any questions on those taxes; and I would urge that persons liable to the floor taxes, especially the cigarette floor tax, take their inventories at once and write me for blanks on which to file their returns," concluded Mr. Maloney.
