HARDMAN NEWS

Miss Raimey Bride of Darrel Farrens

By HARDMAN HIGH SCHOOL

An item of interest to all was not reported sooner because of lack of authentic information. On June 30 at Arlington the marriage of Miss Oleta Raimey and Darrel Farrens took place. Among the fifteen guests present were Mr. and Mrs. Raimey of Condon, Mrs. Glenn Farrens, and Miss June Whittier of Morgan.

Miss Raimey taught the primary grades here last year, and is a graduate of the Condon high school and Eastern Oregon College of Education. Mr. Farrens is a graduate of Hardman union high school, and for several years has had a summer job in the mountains, and is a raiser of cattle.

After a trip into Washington, Mr. and Mrs. Farrens returned here, and are living in the mountains near Mr. Farrens' work. The entire community extends its best wishes for happiness.

Mr. and Mrs. Nelson Hesseltine and three children left on Wednesday for Vancouver, Wash. They have been living here for several months at the Sabin Hastings home. Mr. Hesseltine is a brother of Mrs. Hastings.

Miss Lucille Vale, county nurse, and Dr. M. C. Davis of the state health department, held a clinic at the high school on Tuesday for preschool children. Arrangements were made by Mrs. Owen Leathers who is local chairman of the county health association. In Mrs. Leathers' absence on Tuesday, Mrs. Harlan Adams, Mrs. G. I. Clary, and Miss Vern McDaniel assisted. This is the second health clinic to be held by Miss Vale in Hardman. Miss Vale was in town and also out at the mill last week, making definite plans and schedules for Tuesday.

Mrs. Lewis Knighten and Mrs. Neal Knighten left for Portland on Tuesday of last week, where the former went to consult a doctor. Mrs. Neal Knighten had some dental work done. They returned on Monday evening.

Truman Cannon was called to Camas, Wash., where Mrs. Cannon is visiting. He left here on Sunday.

Hardman is nearly de-populated. The men who had not already left for herding or haying, are now working in the harvest fields. On Sunday Mrs. Owen Leathers joined those who are gone for the summer, and is at Red Hill, where Owen and Junior had previously gone. Mr. and Mrs. Victor Lovgren and children took her out.

The summer Bible school under the auspices of the church in Hardman saw its first day Monday and was organized with a good representation of Hardman homes in the form of a group of bright, happy boys and girls. Classes set to work with a will, determined to master the subjects and also to interest all other children of school age.

The school will close Friday, July 26, with a program and open house for all parents and friends. The sponsors of the school desire to express their deep appreciation for the fine cooperation of the school board and for help coming from others in many ways.

The heat and dryness continue. There was a strong wind on Friday, carrying much dust. On Monday the cloudy sky yielded a light rain here, and a much heavier shower further toward the mountains. During the night out at the mill there was a good short rain. But the farmers and the forest rangers still could use a lot of moisture.

CARD OF THANKS

We wish to express out appreciation for the assistance tendered us during the last illness of Alex Cornett; and for the beautiful floral offerings and expressions of sympathy.

Mr. and Mrs. James Johnson, Mr. and Mrs. Felix Johnson, Mr. and Mrs. Alex Green.

Mrs. Lester Doolittle was a passenger Monday morning for Portland to visit her son Paul, who is a patient at Emanuel hospital where he is recovering from a major operation.

Rural Counties Have Child Health Service

Eight rural counties of eastern Oregon now have child health nurse service where special centers have been established for the regular attendance and examination of infants and preschool children. None of these counties, Morrow included, has full-time health officers and such conferences are regularly conducted by a physician from the state board of health with the assistance of the nurse and local volunteer workers. The basic services offered consist of complete regular physical exam-

ination of infants and preschool children, immunization, infant feeding and general advice to mothers concerning the better methods of child care. Parents are advised that infants should have a complete physical examination each month during the first six months and then every three months until 18 months old; that preschool children should be examined twice yearly until six years old. Early immunization to smallpox and diphtheria is emphasized and those children over two years old who have not already been protected against these diseases may receive such immunization at the conference.

WHAT IS MALT?..

and how is it used in making beer and ale?

Answer: Brewers' malt is barley that has had its starches modified. The barley is first permitted to "sprout" by the addition of moisture. At the right instant, the growth is checked by heat and the sprouts are removed.

the purest ingredients—make beer and ale the mild, tasty, wholesome beverages that they are.

Now the brewing industry is taking action to keep the retailing of beer as wholesome as beer itself. A plan to eliminate abuses is already in effect in a number of states. It is being extended. Ask us for an interesting free booklet.
