

Mustangs Enter Arlington Tourney By Beating Echo

Play Helix Today;
Final League Game
Taken From Fossil

Heppner high's Mustangs enter the district 7-B basketball tournament at Arlington at 7:30 this evening with Helix as their opponent. Right to play in the tournament was finally decided when the locals beat Echo, second place winner in the lower Wheat league division, in a play-off game at Arlington Monday night, 42-20.

The tournament will run through tomorrow and Saturday, with the finals Saturday evening. The game against Echo was decided by the district committee after Arlington had forfeited the upper division Wheat league title to Heppner by refusing a play-off game to decide the first place tie in which the two teams had been thrown by the season's play.

Heppner is rated by dopsters as the tournament darkhorse, with Arlington, Hood River and Umapine rated as favorites to win.

In a rough, fast game last Friday night, the Mustangs ran over the cellar team of the league, Fossil, by a score of 44-22.

Heppner started off with a fast breaking offense that netted them a 17-3 lead at the end of the first quarter. The Falcons of Fossil then tightened down a little in the next quarter, and the half ended, 24-8. In the second half the Mustang's offense slackened long enough for the Falcons to start a drive for a few baskets but were soon stopped.

Scoring honors for the game go to Bill Scrivner, fast and flashy Mustang guard, with 12 points. John Skuzeski, playing with a bad ankle, chalked up 8 points for the time he was in the game. Bob Johnson was high man for the loser with 10 points.

The "Colts" won their 11th and last game of the season by a 34-7 score over the Fossil "B" squad. Bill Padberg was instrumental in the win by dropping in 12 points.

The United States feed grain and hog supply for 1940-41 is great enough to produce more meat and livestock products than the American people have ever consumed in any one year.

Heppner Again In Traffic Safety Race

The city of Heppner today entered the 1941 Cities Traffic Safety contest, sponsored for Oregon by Earl Snell, secretary of state, in the interest of stimulating greater activity in traffic safety. The official entry blank was signed by city officials and dispatched to Salem by Mayor J. O. Turner.

Cities are divided into four groups according to population figures, but standings are based on the improvement or lack of improvement in the traffic accident situation in each city. This improvement or lack of improvement is based on the city's own accident experience for the past three years. Thus, each city competes against its own record and the city which scores the best improvement, wins the contest.

Corn accounted for more than one-fourth the total farm value of crops produced in the United States in 1939.
