Official Paper for Morrow County

Let's Back Them Up

A GOODLY number of Morrow county boys have already gone into the service of their country, some as volunteers and some as selectees. They have become scattered throughout the country in various training camps, and they face an uncertain future with breaking of home ties.

These boys stand ready to bear the brunt of battle, if need be, to protect the interests of their country—which means the security of the homes and businesses of all citizens in the land. In immediate compensation they receive small pay. They are entitled at least to expression of appreciation from those who may never have to place their lives in jeopardy in defense of country.

In uniting our country for war it is not enough to merely send the young men into training as sailors, soldiers or aviators. Those "behind the lines" must help the morale of these young men in every possible way. The little gifts from home help. Letters from friends are deeply appreciated. Good books and magazines are always mighty acceptable.

Those of us at home know there are going to be more taxes to pay, and that we will be asked to dig deeply into savings to buy bonds and stamps by means of which the defense bill will be paid. And should a prolonged war be faced, it may become necessary not only to sacrifice luxuries but to curtail necessities to stay the iron heel of dictators who have brought to earth the ungodly warfare which contemplates killing of noncombatants, a spectacle now seen across the waters. These sacrifices will be made willingly to establish the rights of free men.

Just now the boys in the service

Locker Patrons and Operators to Meet

Patrons of cold storage lockers, as well as the operators are being invited to attend the fourth annual Pacific Northwest Refrigerator Locker Operators association conference and convention, to be held in the Multnomah hotel at Portland Monday and Tuesday, April 14 and 15. Thomas Onsdorff, secretary-treasurer of the association and associate professor of food industries at Oregon State college, has issued announcements of the meeting showing a program arranged with more widespread appeal than formerly. Included among the speakers will be one or more homemakers who will report experiences and financial results from the use of storage lockers.

Approximately 260 locker plants should be backed to the limit. The bonds of friendship and home ties should be kept intact as firmly as possible. The Gazette Times wishes to help in this, and it extends the offer to place the name of every Morrow county boy in the service upon its mailing list to receive the paper free of charge during term of service of each, or until a pact of peace is formulated to dissipate the war clouds. If relatives or friends will bring in the names and addresses we will start the paper going immediately.

YOU CAN PLOW HILLSIDES

FORD TRACTOR
with
Ferguson System

• The action of the Ferguson wheel-less implements on the tractor keeps the front wheels on the ground. This, plus the low center of gravity, is why the new tractor can be used safely and efficiently up steep grades.

This is only one of the many outstanding new principles of the Ford tractor with Ferguson system. It's an economical, practically automatic unit of mechanized farm equipment. See it in operation for yourself. You won't believe your eyes. We'll demonstrate for you, any time.

\$665 for tractor at Dearborn, Mich.
Taxes (if any) and implements extra.

are listed as operating in Oregon alone, with more contemplating entering the business as use of lockers becomes more popular. Leaders of the association are urging any who contemplate starting a plant to attend the convention, as information will be available there which may save unfortunate and expensive mistakes.

Among other subjects to be considered at the convention will be dietetic problems, vitamin values of frozen foods, and latest types of containers, wrappings and other equipment for use by frozen locker patrons.

Legion 'Boys' State' To be at OSC in June

Oregon State College—The annual "Beaver Boys' State" sponsored by the American Legion in Oregon will be held this year on the Oregon State college campus June 28 to 29, under an arrangement between the board of directors of this youth activity and the college officials, which has just been approved by the state board of higher education.

Approximately 250 boys of from 16 to 19 years will take part in this citizenship training program, which is headed by D. M. McDade of Portland, president, and an advisory committee of leading state officials and citizens including Governor Charles A. Sprague and Secretary of State Earl Snell.

The week devoted to this will im-

NOTICE TO CREDITORS

Notice is hereby given that the undersigned was duly appointed by the County Court of the State of Oregon for Morrow County, administrator of the estate of William T. Craig, deceased, and all persons having claims against the estate of said deceased are hereby required to present the same to the undersigned administrator at his office in Heppner, Oregon, with proper vouchers duly verified, within six months from the date hereof.

Dated and first published this 3rd day of April, 1941.

JOS. J. NYS, Administrator.

mediately follow the 4-H club summer session, and arrangements have been made for the same facilities to be used. The boys will be housed in the big men's dormitory, and will get their meals in the Memorial Union building, the same as the college students and the 4-H club boys. The entire program, however, will be in charge of the American Legion committee.

After arriving, the boys organize

their own government with officers the same as those in this state, thus learning citizenship from actual practice. Most of the boys who attend are sponsored by local American Legion posts or other local groups, though no family relationship between the boy and Legion members is necessary.

**There's Beauty In Everyday Things---
And Beauty Can Be Practical, Too**

It's Inexpensive to Remodel Farm Buildings

Modern farm buildings are not only handsome to see, but they are a practical investment. They last longer, are more durable and accomplish more than do the old, dilapidated buildings that may be on your land. Remodeling costs are far less than you might expect. Why not ask us for a free estimate on remodeling your old farm buildings?

See us about short-time FHA Loans—for new construction, remodeling, installation of cooling systems, or other permanent fixtures. In amounts from \$50 up.

FOR THE KIDDIES: Get your pictures of airplanes—series of six—one with each 10c purchase.
