Official Paper for Morrow County

## Mattress Making Schedule Announced

The cotton mattress program, through which eligible families may obtain the necessary cotton ticking for making cotton mattresses, has been accepted in Morrow county and application blanks sent to a large number of families in the county.

The cotton mattress program as inaugurated by the U. S. department of agriculture has a fourfold purpose. First, it is designed to provide cotton materials for making mattresses to rural families whose economic condition prevents them from purchasing the mattresses needed in their homes. Second, the mattress program provides demonstrations through which rural people learn how to make cotton mattresses and otherwise improve their homes. Third, the program marks another step in the move to expand the use of cotton and thus help to reduce the cotton surplus.

Oregon has a special interest in the utilization of surplus cotton as small seeds raised in Oregon are marketed in the south. Fourth, the cotton mattress program should contribute to the health and comfort of the families.

The cotton mattress program is sponsored jointly by three agencies of the United States department of agriculture—the extension service, the Agricultural Adjustment administration, and the Surplus Marketing administration. In Oregon the Farm Security administration is cooperating in the project.

Any family in Morrow county is eligible to participate in the cotton mattress program and will qualify for one or more mattresses if the net income of the family is \$500 or less per year for a family of one to four persons. Above four family

members, \$50 for each member may be added.

A family may receive one mattress for each two persons in the family but not to exceed three mattresses. The mattresses are made by the family themselves in community work centers under supervision provided to assist everyone in making high quality mattresses. The only expense to the family receiving these mattresses is the incidental expense for needles, thread, local storage and trucking which should not exceed \$1 per mattress.

Applications for mattresses must be filed in the county agent's office not later than April 20 and additional information and application blanks may be obtained at the following places:

- Heppner—County agent's office.
- Irrigon—Fred Houghton, water office.
- Boardman—Jack Gorham's store.
- Hardman—Postoffice.
- Lexington—Elmer Hunt's service station.
- Ione—Bert Mason's store.

Mrs. L. E. Dick, Mrs. Fred Lucas, Mrs. Lou Bisbee, Mrs. Charles Thomson, Mrs. Harriet Mahoney, Mrs. Anna Bayless, Mrs. W. H. Cleveland, Mrs. A. D. McMurdo, Mrs. Jack Hynd and Mrs. Percy Hughes drove to Pendleton Tuesday to attend a Lenten class held by Mrs. W. P. Remington. Mrs. Eric Robathan entertained them at luncheon before the meeting.

**SOMETHING NEW TO THINK ABOUT**

## FORD TRACTOR WITH Ferguson System

● Think of attaching or detaching unit implements, including the row cultivator, in less than a minute! Think of plowing easily and quickly in tight places, close to fences! Think of being able to plow 28' wide with a tractor so light it practically does away with soil packing. With its fingertip control of hydraulically controlled wheel-less implements the new Ford tractor is amazingly easy to operate. In plowing you set your plow depth (it is automatically maintained), lower your plows by the fingertip control, raise them the same way at the end of the furrow. You won't believe the things this new Ford tractor can do—until you see it working. Come on in today. We'll show you something!
