OLD GLORY

WHEN the nation pays special tribute to Old Glory next Saturday, Flag Day, it will signify intensified patriotic service for everyone in the land. Bursting shells and rockets glare through which it stood in troublous days of the past, are again jeopardizing its principles of freedom, and in these days of unlimited emergency Old Glory becomes nearer and dearer to all.

Just now Morrow county is being organized for civilian defense work, part of the broad national defense program, and there is a call for funds to assist U. S. O., a democratic institution to assist the government in making the nation stronger in its defense. These are but beginning steps in a new order that will come home more forcibly to all.

Old Glory today calls for service by all. It asks for the dimes, quarters and dollars of everyone for the purchase of defense bonds and stamps, not only to provide funds for the government to carry on the nationally organized defense program, but to prevent undue price inflation and resulting chaos, which, more than a foreign enemy might rock the country to its very foundations.

Old Glory, through the president, has asked that our nation be unified today as never before. Personal advantage must not be considered by capital, by labor, or by anyone. The national safety must be paramount in this emergency, and it is vital that everyone do the job he is given to do and to do it well. That is the significance of Old Glory not only next Saturday, but every day in the year.

"In union there is strength," "united we stand, divided we fall"—these and all the great patriotic words of the past must have their meaning renewed and cherished in the minds of every true American.

Society Aids Boys, Girls From County

Portland, June 12.—Three dependent children from Morrow county are receiving care from the Boys' and Girls' Aid Society of Oregon at the present time, according to a report released this week from society headquarters. Under supervision of the society, which provides clothing and medical and dental care, the children are placed in private family homes throughout the state.

Fifty-five percent of the society's wards come from counties other than Multnomah, yet substantial financial support from private sources is provided by no other county, officials of the organization point out. Without additional funds from the counties to meet the increased cost of living, services to dependent children will have to be curtailed.

The agency is asking the cooperation of every Oregon community in meeting the present needs which total \$5,000. The fund-raising appeal, organized on a state-wide basis, is going forward rapidly in Morrow county.

Established in 1885, the Boys' and Girls' Aid society has cared for more than 7,300 Oregon children since its inception. At the present time 355 boys and girls are receiving care under its supervision. C. C. Chapman is president of the organization and Mrs. Myrtle C. Dalziel serves as state director.

Mr. and Mrs. D. A. Wilson motored to Portland Friday to meet their daughter, Miss Shirley Wilson, who had just completed her first year's work at University of Oregon.

Let's go—it's the starting whistle for another Guess Again race. Let's see if you can be first to "break the tape." Indicate your answers in the space provided and then add your score for your rating.

Attend Pendleton Mattress School

Eight leaders from Morrow county attended the two-day cotton mattress making school held in Pendleton last week to learn the technique of making mattresses with the ticking and cotton furnished by the Surplus Commodities corporation.

Applications have been received by the county AAA committee and cotton and ticking ordered for 150 mattresses.

The making of the mattresses is under the direction of the extension service and is expected to begin the latter part of July.

Maggie Hunt, Mrs. Russell Browning and Mrs. Joseph Hughes will serve as volunteer leaders at the Heppner mattress making center. W. A. Baker, Mrs. Olive Atteberry and Mrs. John Fisher are leaders at Boardman and Mrs. W. R. Haney and Mrs. Glenn O'Brien at Irrigon.

The purpose of the mattress making program as set up under the AAA program, according to C. D. Conrad, county agent, is to make use of the large surplus of cotton that is on hand and at the same time improve the standards of living for many people by making high quality mattresses available. Each family that applies for a mattress must come to the mattress making center and make their own mattresses.

What is June 14th?

It's more than just a summer day... it's a day for reflection... a day for thinking of our country and its advantages. June 14th is Flag Day, when you can show your patriotism by displaying the colors before your home or business. Current conditions make our flag and its day more significant than ever... remember Flag Day.

Game Licenses for Aged Folk Due 14th

Persons eligible for old age fishing and hunting licenses may apply for them after June 14 when new game laws become effective.

Under the provisions of the bill passed by the legislators, any person over the age of 65 and who has been a resident of the state of Oregon for 10 years or more, who makes an affidavit before a county judge or chairman of a board of county commissioners that he is unable to pay the regular fee, may obtain a special license for fifty cents.

Special affidavit forms have been furnished to all county judges and also may be obtained from the office of the Oregon State Game commission, 616 Oregon building, Portland. The fifty-cent fee together with a report on the game and fish taken in the previous seasons, as required by law, must accompany the application.

SHOP WELL EQUIPPED

With strain of general contracting bearing down a little heavily for his years, N. D. Bailey is preparing to retire more from that field and to supplant the activity with work in his shop at home. To this end he recently purchased a factory-type lawnmower sharpener, and expects soon to equip himself with special saw-filing machinery. He is specializing in lawnmower, knife and scissor sharpening, saw filing, band saw work, cabinet making and floor sanding for which he also has special equipment. The new lawnmower sharpener grinds the blades of the machine in its own frame, making blades and bar hit exactly true. Machine bearings and other parts are also adjusted to make old machines run like new, Mr. Bailey says. In

4-H Clubbers to Help Increase Meat Output

Oregon's 4-H club members will join 250,000 other 4-H-ers throughout the nation in responding to the call for greater production of meat this year to supply home and national defense requirements, says H. C. Seymour, state club leader. Many club members are enrolling in the 1941 livestock projects, where they will produce all kinds of meat animals.

All those enrolled in such clubs are eligible to share the benefits of the national 4-H meat animal competition. Last year the nation's four sectional winners, which included Robert Zielinski, Salem, reported grass returns on their enterprises totaling 924,618 and cash prizes on exhibits totaling \$3247. The competition will start in the counties under the direction of county agents or county club agents.

Oregon Approves Quotas 5555 to 260

Official returns from the 30 Oregon counties having growers eligible to vote in the wheat marketing quota referendum show that Oregon growers approved the quotas by a favorable vote of 95.5 per cent of the 5815 votes cast. The final total showed 5555 votes in favor of the quotas and 260 against. Approximately 83 per cent of the growers eligible to vote actually cast their ballots.

Lake was the only county failing to approve the quotas by the necessary two-thirds majority. The vote there was 47 yes and 31 no. Five

a short time, Mr. Bailey expects to have one of the most completely and best equipped shops of its kind in this part of the state.

counties reported a unanimous vote in favor of the plan, these being Columbia, Deschutes, Grant, Morrow, Multnomah. In Crook and Josephine counties there was only one negative vote.

In announcing the results the state AAA office paid a tribute to the educational work in the various counties by the county and community committeemen and the extension service, which resulted in such a heavy vote being recorded. Oregon gave one of the heaviest majorities in the nation in favor of the plan, which was carried nationally by a more than 80 per cent favorable vote.

Miss Katie Minert accompanied Mr. and Mrs. F. W. Turner to Portland last week and is visiting with a cousin, Harold Brinson, near Albany.
