

IONE NEWS

Ione Takes Grid Opener From Lex

By MRS. ELMER GRIFFITH

Ernest McCabe is absent from school due to an injury sustained in the football game last Thursday. He has his leg in a cast, recovering from a broken ligament.

High school students and faculty enjoyed a party at the school house last Friday evening in honor of the freshmen, who completed their initiation that evening.

Ione won the first football game of the season when they defeated the Lexington high school Friday afternoon by a score of 13-6.

The H. E. club of Willows grange will hold an all-day meeting at the hall on September 19 with a pot luck dinner at noon.

The Women's Topic club will meet at the home of Mrs. Clyde Denney on Saturday, the 7th, at one o'clock for a dessert bridge, which will be followed by the study meeting.

Out-of-town relatives who attended the funeral of Charles O'Conner last Wednesday were Clarence Linn and Mr. and Mrs. Fred W. Griffith and sons, Robert and Dale of Portland, Mr. and Mrs. Carl P. Linn of Sunnyside, Wash., and Mr. and Mrs. J. W. Howk of Condon.

Mr. and Mrs. Carl F. Feldman are enjoying a visit from their daughter, Mrs. Neil Shuirman and children, Tilia Sue and Jay, of Flint, Michigan.

Miss Bertha Akers of Portland is here to visit her father, Ralph M. Akers. Miss Akers has just completed a course in nurses' training at Emanuel hospital in Portland, and will serve there for the present. Before coming to Ione Miss Akers visited her sister, Mrs. Russell Miller, in Boardman.

Farmers in this vicinity are busily engaged in the seeding of winter wheat and the ground is in fine condition.

L. L. Putnam of Newberg is employed at the Bert Mason store. Mr. Putnam lived in Ione in 1916.

Guests of Mr. and Mrs. Wallace Matthews at Morgan this week end were Mr. Matthews' brother and sister-in-law, Mr. and Mrs. Otto Matthews, and his nephew and wife, Mr. and Mrs. Ki Line Matthews of Roseburg.

Mr. and Mrs. Harvey Ring drove to The Dalles on Friday and took their daughter Lois down for medical attention. Lois is back to bed for an indefinite time.

Miss Eileen Sperry departed for Portland on Sunday where she will enroll in Marylhurst college.

The Girls League of Ione high school held their annual election of officers on Monday. The new president is Betty Lou Lindsay; vice president, Elsie Jepson; secretary, Barbara Ledbetter; treasurer, Melbaline Crawford, and sergeant-at-arms, Doris Palmateer.

Mr. and Mrs. Lloyd Morgan returned from their honeymoon on Sunday. They attended the state fair and then met Mr. and Mrs. Milton Morgan, Jr., in Portland and together they went to the coast. Mr. and Mrs. Morgan returned on Friday.

Mrs. Eddie Costillo and son, Irvin, were visiting in Ione on Thursday and Friday at the home of her uncle, Harvey Ring and family, and at her cousin's, Mrs. Clarence Harris. Mrs. Costillo had just come west from Virginia to visit her parents in Portland and after visiting relatives

New Features in 1942 AAA Program Receive Approval

Streamlined to meet the demands of national defense and simplified for easy administration, the 1942 AAA program for Oregon is rapidly taking shape and will be available at county AAA offices in handbook form before October 1, the state AAA office has announced.

Most important change in the program is the abandonment of soil-depleting commercial vegetable and total allotments and the substitution of a minimum soil conserving acreage requirement, thus lending greater flexibility to meet defense production requirements and still emphasizing soil conservation.

Under this provision, payments on wheat and potato crop allotments will be conditioned on 20 per cent of the farm's crop land being devoted to soil conserving uses. These include perennial grasses and perennial legumes, biennial legumes, sudan or annual ryegrass for pasture, seeded cover crops, Austrian winter peas and vetch for seed, and certain weed control practices on irrigated land.

The wheat program remains much the same as last year, except that it will not be necessary to grow up to 80 per cent of a farm's allotment to qualify for special crop payments. A new practice provides for application of oron or borax in connection with the seeding of leguminous cover crops and perennial legumes.

Changes in the range program, combined this year with the farm conservation program, provides for the practices of rotational and limited grazing under approved plans, to encourage conservation on smaller ranches and on western Oregon livestock farms.

The possibility of marketing quotas for potatoes has made it necessary to set potato allotments for all farms in the state growing three acres or more. In the past potato allotments were established only in certain counties designated as commercial potato areas. Procedure for setting allotments has been changed somewhat.

EXAMINER HERE 25TH

A traveling examiner of operators and chauffeurs from the office of Earl Snell, secretary of state, will be in Heppner, Thursday, Sept. 25, between the hours of 10 a. m. and 4 p. m. at the city hall. All those wishing permits or licenses to drive cars are asked to get in touch with the examiner during these hours.

TIPS ON STUDY LAMPS
by the PP&L Home Lighting Advisor

IT'S school time again. Children are coming in out of the sunshine and are using their eyes for close seeing. If the light is dim or glary when they study, school days may become eyestrain days. Here are some practical suggestions for providing plenty of sight-saving light for your children's precious eyes.

PUT AN I. E. S. LAMP ON THE STUDY TABLE

...and watch the youngsters sail through studies in jig time. The translucent bowl filters out harmful glare. The wide shade throws an abundance of soft light over the whole table.

— OR PUT AN INDIRECT SHADE ON THE CENTER LIGHT

For only a dollar or two you can buy a translucent bowl and white-lined shade and make over that glary old fixture, so that it gives plenty of glareless indirect light. Father will love it at mealtime.

— OR MODERNIZE THAT GOOSE-NECK LAMP...

Simply straighten it up and remove the light bulb and metal shade. Screw on a plastic bowl (available at most dealers). Add a 100-watt bulb and a shade with light lining.

PHONE FOR A FREE LIGHTING CHECK-UP

A trained lighting advisor will call and measure the lighting in each room with a sight meter... a scientific instrument that shows you instantly whether you're getting enough light to prevent eyestrain. She will show you how modern lighting not only protects precious sight, but adds new beauty and charm to your home. This service is free... it's part of PP&L's program to help you get full benefit from the electricity you buy.

SIGHT IS PRICELESS— LIGHT IS CHEAP
Pacific Power & Light Company's New Low Rates make cheap electricity cheaper still
