THE RECORD... Facts That Concern You

No. 31 of a Series

SOME PEOPLE NEVER LEARN... but most of them do!

There are always a few "smart alecks" who want to stand up and rock the boat. But most people try to keep out of trouble.

The same sort of thing happens in the retailing of beer. The great majority of beer retail establishments are clean, law-abiding and wholesome. But occasionally you may find a "smart aleck" retailer who violates the law or permits anti-social conditions.

We of the brewing industry want these anti-social retailers wiped out! Because they imperil your right to drink good beer...and our right to make it.

We want to protect the benefits that beer has brought to Oregon—employment for 13,238 persons since relegalization, an annual payroll of \$11,541,550 and taxes of \$617,020.86 paid to the state last year.

This state, too, has an important stake in Beer's purchases from over 100 industries supplying the brewing industry with materials, equipment and services.

You can help us in our public-spirited program by (1) patronizing only reputable and legal beer establishments and (2) by reporting any irregularities you may see to the proper authorities.

BEER...a beverage of moderation
