

Local News

In a letter received this week by his parents, Mr. and Mrs. F. W. Turner, Robert V. Turner of Portland told of attending the Rose Bowl game in Durham, N. C., New Years day and of running across Mr. and Mrs. "Puff" Rice and Barney Doherty, who, he said, were among the "dozen" Oregon rooters present. He said the plane he took east was grounded at Cleveland, and that he went on to Washington, D. C., from there by train, having been called to the capital in his work with the Federal Land bank. It was his pleasure to get time off to make the trip to Durham, and he said the hospitality was certainly grand.

Byron Crum spent Christmas with his mother in The Dalles and is now visiting his sister in Camas, Wash., and his brother in Portland.

Mrs. George Cason has gone to Portland to spend some time with her son Gerald and family.

GREAT GUNS

Stan Laurel, Oliver Hardy, Sheila Ryan, Dick Neson
They're draft-daffy, they're drill-erious. They're all out to bring you the biggest laugh smash they ever had.

Scott McMurdo arrived home early this morning from his jaunt to the Rose Bowl game at Durham, N. C. He happened to hit the same train in Wyoming that Sheriff Bauman was on with his prisoner, and rode with them in Bauman's car from Pendleton. Scott had rail passage to and from Kansas City, but hitchhiked his way from there to Durham and back, having no difficulty getting rides. On the way back he struck a regular blizzard at Nashville, Tenn., and laid over for a while as cars were skidding all over the highway. He had just got off the bus at the Duke stadium when he bumped into the "Puff" Rices and Barney Doherty. It was a great game, Scott averred, and great hospitality, and he enjoyed getting to see close ups of Lon Stiner, Jim Dixon, Percy Locey, and the other OSC big guns, who jumped around like chickens with their heads cut off when the Beavers came through.

Mr. and Mrs. Sidney C. Zinter of Ione just returned from spending Christmas vacation in the new home of Mr. and Mrs. Robert O'Neil at Eugene. They also visited the former college room mates of Mrs. Zinter's, Mrs. Delmar Murphy of Cottage Grove and Edythe Ernsberger of Eugene. On the return trip they visited Mr. and Mrs. Ralph Crum in Portland and Mr. and Mrs. Arthur Cunningham and Mrs. Grace Crum in The Dalles.

Mr. and Mrs. Harvey White of Rawlins, Wyo., arrived Tuesday for a visit at the home of Mr. and Mrs. V. R. Runnion. Mrs. Runnion returned home the same day from Sheridan, Wyo., where she was at the sick bed of her mother, and was met at Pendleton by Mr. Runnion. Mr. White is in the restaurant business in the Wyoming city.

Max Schulz motored to Portland before Christmas to spend the holidays. He was accompanied by Mrs. Carl Ulrich and sons Alex and Billy, and Mrs. Lee Vauthers and daughter, who also visited relatives and friends in the city. Max said he saw the big fire which visited the city during the holidays and also experienced the earthquake.

Mr. and Mrs. "Puff" Rice and Barney Doherty were among those present at the transplanted Rose Bowl game in Durham, N. C., New Years day, and are reported to be now on their way home. Bill Kilkenny took the train to Chicago to meet them, expecting to make the trip back with them from that point.

Ray Coblantz left recently for Portland where he obtained employment in the ship yards. Mrs. Coblantz, operator at Myrtle's Beauty salon, expects to join him there shortly.

Elmer Gentry, brother of Mack Gentry, is visiting his brother and family here for a few days from his home in Spokane. Mr. Gentry farmed a good many years ago in the Sand Hollow district.

Miss Marjorie Parker expects to leave next week for Portland where she has been transferred to the head office in her work with the First National Bank of Portland.

ADDITIONAL IONE NEWS

The study meeting of the Women's Topic club will be held at the home of Mrs. Garland Swanson on Saturday, January 10.

Anyone wishing to take a course in first aid should contact Mrs. Matthew Gordon before the first of the week. The county nurse will hold classes here if she can get enough interested persons.

Cleo Drake discovered a silver fox on the hill across the highway from town Wednesday afternoon and being unable to capture it alive, shot the animal.

Mr. and Mrs. Ted Blake returned Sunday from Portland, where they attended the wedding of Mrs. Blake's brother.

RUTH CHAPTER TO MEET

The regular meeting of Ruth Chapter No. 32, O. E. S., will be held Friday, January 9, announces Ella Bengt, worthy matron.

A WEEK OF THE WAR

Continued from First Page

OPM Associate Director Hillman announced almost 2,500,000 persons have been enrolled for training for war industry work since July 1, 1940. He asked vocational schools to expand their courses to permit use of all their facilities on a "round-the-clock" basis. Some war contractors are planning to employ as many new men in the next six months as they have in the last eighteen, he said.

AUTOS AND TIRES

The OPM banned all sales of new passenger automobiles and the SPAB approved an OPM plan to halt production of these vehicles "within a few weeks." The temporary ban on the retail sale, delivery, purchase, or lease of new passenger cars and of new light and heavy trucks will remain in effect until January 15, at which time a permanent rationing program will be put in effect.

OPM delegated to the Office of Price Administration authority to withhold all new tires except for essential health, safety and industrial services. OPA set up tire-rationing boards in each county of the nation and issued regulations providing no tire can be obtained even for "essential" users unless a local board has approved the application and the number of tires sold in each county is within the county quota. New tires were defined as those used less than 1,000 miles. No new restrictions were placed on the sale of retreaded or recapped tires.

PRICES

Price Administrator Henderson set maximum manufacturers' prices for household cooking and heating stoves and for cigarettes, and issued a temporary schedule for rugs and carpets. He sent a letter to all wholesalers and retailers of sugar stating the responsibility for keeping stable the price of sugar now rests with the nation's retailers. He

set top prices for 39 grades of imported green coffee, and revised previous schedules for some 1,800 fats and oils, as well as for Douglas fir doors, paperboard and cotton goods.

OPPORTUNITIES FOR WAR SERVICE

The War Department announced it will employ American-born civilian pilots between 21 and 46 to ferry aircraft from U. S. factories to nations receiving Lend-Lease aid. The Air Corps will train a limited number of men 20 to 27 years old in meteorology. Both groups may receive reserve commissions. Third and fourth-year medical students and first year internes may obtain reserve commissions in the Army and Navy, and will be permitted to complete their medical training before being ordered to active duty. Between 200 and 300 additional commissions in the Naval Reserve Civil Engineers corps are available for college graduates with limited practical engineering experience. Former non-commissioned Marine Regular and Reserve officers may re-enlist in the rank held when last discharged, if they have not been out of the corps more than four years.

The Maritime Commission lowered admission requirements for maritime cadets and cut their training time in half. The Civil Service Commission issued a call for thousands of stenographers needed urgently for national defense work in positions paying \$1,440 a year to start. Application forms may be obtained at any first- or second-class post office.

ARMY

The War Department authorized return to active duty by February 1 of all inactive enlisted reservists—the majority former trainees and National Guardsmen recently released from active duty. The department said it will continue voluntary enlistment of men from 18 to 35. The

department adopted a uniform system for temporary promotion of all officers on the basis of merit.

ALIENS

Attorney General Biddle ordered all Japanese, German and Italian aliens to surrender to local police authorities by 11 p. m., January 5 all radio transmitters, short-wave radio sets, cameras, and firearms of any description. Mr. Biddle amended regulations governing travel of an alien enemy to permit limited movement in certain cases where special permission is granted.

AGRICULTURE

The Department of Agriculture reported supplies of agricultural commodities are at a high level with record production of many items. The general level of prices received by farmers during the month ended December 15 was 42 points above the corresponding period last year. OPM granted farm equipment manufacturers 83 percent of materials used in 1940 for new machinery and 150 percent of 1940 materials to produce spare parts.
