A WAR BOND NOW MAY SAVE A LIFE LATER

More than 175 Morrow county boys are now in Uncle Sam's uniforms. More are going every month.

Some of these boys were probably in the naval and air force which attacked the Japanese in the Coral sea last week.

Ask yourself what would have happened if General MacArthur had not had adequate equipment and trained men to protect them.

War equipment and trained men cost money—lots of money—billions of dollars. You can do your part by buying War Bonds and Stamps.

Oregon's quota for May is \$5,610,000. Morrow county's part of this is \$29,400. Our per capita sales to date have been the highest in the state, so Morrow county has done its part up to now. But the emergency is extreme and we must do even more.

It is possible that by buying War Bonds and Stamps you will prevent the name of your husband, brother, son or friend from appearing on the next casualty list.

Do your part today!

"Buckle down—to work for Uncle Sam"

BEFORE washing a garment, remove breakable buttons and buckles. Pearl buttons or jeweled buckles haven't the stamina to face washing machines or hard scrubbing. Broken or missing buttons can ruin a costume, or, if unmatchable, necessitate the purchase of a new set.

Then put the money saved into U. S. SAVINGS STAMPS—to help button up Hitler! Every pay check should be budgeted to include generous help for Uncle Sam.

It's natural to trust to memory—but when memory plays tricks with a telephone number, you're delayed. . . . Someone else may be inconvenienced. . . . And telephone lines and equipment, urgently needed today, are tied up. . . . When you are not sure of a number—won't you look it up in the telephone directory?
