blue frock with a corsage of pink rosebuds and bouvardia.

They were accompanied by Mr. Marshall's grandfather, Sylvester Jamison, and his aunt, Mrs. Vivian Snowberger, of Ontario.

The young couple are at home at the Zinter Apartments. Mrs. Marshall will be secretary at the Heppner school this year.

John Parker, son of Mr. and Mrs. F. S. Parker, and Card Greaves, auditor for the state tax commission, were in Heppner yesterday. They are from Portland.

The regular meeting of the Heppner Chamber of Commerce, scheduled for last Tuesday evening, was postponed.

Mrs. T. V. Arneiter of Portland visited in Heppner last Monday. She came in the interests of the National Federation of Music, of which Mrs. Kate Dell Marden is district president of Oregon, Washington and Idaho. Mrs. Marden is a former Heppner resident.

Mr. and Mrs. Robert Turner of Portland became the parents of a baby daughter on August 30. She will be called Mary Elizabeth.

Mrs. William Smethurst of Lexington, is confined to the hospital in Pendleton where she will undergo a major operation. She is the sister of Mrs. Earl Gordon of this city.

**Hardman News . . .**

By Elsa M. Leathers

**HARDMAN**, Sept. 3.—Roy Robinson shipped 19 head of Hereford bulls to Elko, Nev., this week, to enter them in the sale Sept. 7. He shipped early due to the unstable conditions on the railroad now. War material is shipped before anything else.

Mr. and Mrs. Owen Leathers and son moved this week to the garage building where they have the post office, oil and gas. They have their living quarters there also. Sam Johnson of Spray will move the phone switch soon.

Mrs. Holly Leathers is visiting her son and family, the C. E. Leathers, at Reeds Mill, from Kimberley.

Mr. and Mrs. R. H. Steers and son Elmer moved home from Reeds Mill this week.

Henry Coats, who was appointed by the high school as janitor the coming year is busy this week getting things in order for school to begin Monday.

Yvonne Hastings visited the past week in Heppner with Evelyn McFerrin.

Clara Bell Adams visited the Joe Battys over Monday night, returning home Tuesday.

Mrs. Marvin Braunon returned from Portland Saturday where she

has been visiting the past month. Mr. and Mrs. Braunon moved to Mt. Vernon Tuesday.

Miss Nona Inspeck and brother Oselc visited at their home here Saturday evening from the Ione district.

Mrs. Maud Hayden and son Marion of Portland visited here briefly Saturday. They were in eastern Oregon on business, returning to Portland on Sunday.

Mr. and Mrs. C. W. Hastings and daughters spent Sunday at Bull Prairie with the Max Buschke's.

Mrs. Ella Bleakman is busy this week getting her apartment ready for the high school teachers. Mrs. Raymond McDonald is assisting her.

Florence Beymer of Heppner spent several days this week visiting Miss Rita McIntyre.

Be Grant was a visitor at the Ad Inspeck home Saturday evening.

Zelma McDaniel visited her parents, Mr. and Mrs. Dan Way, at Lexington Monday.

While cranking his tractor one day this week Clarence Moore was injured when the crank kicked back and broke several ribs. Mr. Moore was consulting a doctor in town Friday and Saturday.

Floyd Adams has been suffering this week from an infected knee.

When Eating in The Dalles REMEMBER **JEFF'S CAFE**  
GEORGE COOK, Prop.

"What's it good for?"  
"Guns, tanks, and maybe part of a plane"

**JUNK**  
needed for War

*In the attics and cellars of homes, in garages, tool sheds, and on farms, is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.*

Scrap iron and steel, for example. Old radiators, lengths of pipe, refrigerators, garbage pails, broken garden tools...

It may be rusty, old "scrap" to you, but it is actually refined steel, with most impurities removed—and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

Even in peacetime our Nation relied on scrap to provide about 50% of the raw material for steel. Now production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined.

But unless at least 6,000,000 additional tons of scrap steel is uncovered

promptly, the full rate of production cannot be attained or increased; the necessary tanks, guns, and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead, and tin.

America needs your active assistance in rounding up these materials. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

*Will you help?*  
First—collect all your waste material and pile it up.

Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

**Throw YOUR scrap into the fight!**

**JUNK MAKES FIGHTING WEAPONS**

- One old radiator will provide scrap steel needed for seventeen .30 calibre rifles.
- One old lawn mower will help make six 3-inch shells.
- One useless old tire will provide as much rubber as is used in 12 gas masks.
- One old shovel will help make 4 hand grenades.

**MATERIALS NEEDED**  
Scrap iron and steel.  
Other metals of all kinds.  
Old rubber.  
Rags, Manila rope, burlap bags.  
Waste Cooking Fats—Strain into a large tin can and when you get a pound or more, sell to your meat dealer.  
**NEEDED ONLY IN CERTAIN LOCALITIES:**  
Waste paper and tin cans, as announced locally.  
**NOT NEEDED** at this time: Razor blades—glass.
