LET US STRIVE FOR STABILITY

What most of us miss these days is a feeling of stability, and confidence in the future. And yet there are things we can hold on to

Our own country and our own people, for instance, which offer you War Bonds to win the war, and provide you with security for the post-war readjustment.

Another instance of stability is the kind of American business whose sound principles keep it on an even keel through good years and bad. Such is the Penney Company.

A thrifty business like this is a dependable source of savings—and especially at a time when the war effort demands extra economy of all!

Welcome Home!

HOME, to the American people, is a symbol of peace and freedom. Whenever you travel to near or distant parts, there is a feeling of security in knowing that you can return to a home with its comforts and conveniences, its peaceful family life.

How would you like to be welcomed home by the crashing of bombs, by pillars of smoke arising from the ruin of possessions for which you had worked and saved?

That is no fantastic dream. Anything can happen. That is why thousands of Union Pacific employees, resolved to retain their American freedom, are tirelessly working to help Uncle Sam. Troop trains—huge shipments of raw materials and armament—roll over "the Strategic Middle Route" in a never-ending procession. It's up to all of us to "keep 'em rolling." We must be victors—not victims.

For information concerning passenger and freight transportation, consult local representative, phone 132, Heppner.
