FOR SALE—One 4-year-old Jersey cow, fresh in April; Bench separaor. Call 3F4 or at Ed Clark ranch. 30p

Week of the War

Acting at the suggestion of the President and the request of the War department, the House passed and sent to the Senate legislation to reduce the minimum draft age from 20 to 18. The Bill provides that those who are in high school or college may finish the present school year, but after next July educational deferments would be forbidden. The Bill would also make mandatory the policy of calling all single men in a state before calling married men, and then calling all childless married men before men with children.

Secretary of War Stimson announced there are approximately 4,250,000 men in the army at present and this total will be increased to 7,500,000 by the end of 1943—distributed as follows: 3,300,000 in the Ground Forces, 2,200,000 in the and 1,000,000 in supply service. Mr. Air Forces, 1,000,000 in training Stimson said 18 and 19 year-olds are more responsive to leadership and are not as easily fatigued so make better soldiers than older men. He said there is danger at present that the Army might get too old, in March of this year the average age of divisions being activated was 26 years and 2 months, but in August the figure had risen to 28 years and 2 months.

If the draft age is lowered to 18, a 7,500,000-man Army can be built up in 1943 without calling married men with children. Selective Service Director Hershey reported. Induction of married men with wives only will begin immediately to fill the Army's call for 1,100,000 by Jan. 1, he said.

Secretary Stimson announced that ground units of the Army are now aiding the Marines in the defense of Guadalcanal in the Solomons, and the Army Air and Ground troops are now stationed in New Zealand, New Caledonia, the New Hebrides and Fiji Islands. "The Japanese are continuing to bomb our airfields and shore positions on Guadalcanal Island and it is believed that enemy troops and equipment are being disposed of a strong assault against our airfield," the Navy reported Oct. 18. During the early morning of Oct. 17, about 14 enemy bombers, escorted by 8 fighters, attacked the Guadalcanal airfield and shore positions, the communique said, but U. S. fighters and aircraft batters shot down all the bombers and 2 of the fighters. Those latest raids brought the toll of Japanese aircraft since the Solomons fighting began last August to 307 of all types destroyed.

"Although large numbers of Japanese troops are known to be on Guadalcanal Island, there has been as yet, no full scale land fighting," the Navy said. "Our losses in the current fighting, to date, Oct. 18, have been minor, but in a battle of this nature losses must be expected. All information on the fighting in the Solomons which is not of value to the enemy is being announced as soon as possible after being received." Gen. MacArthur's headquarters reported Oct. 19 that Allied bombers attacking Japanese shipping concentrations off Buin in the northern Solomons scored probable hits on three enemy cruisers, a large seaplane tender, seven flying boats and several cargo vessels. In the Aleutians, U. S. Ground Forces took a third island in the Andreanof group, and Army medium bombers bombed two more enemy destroyers near Kiska.

Farm Prices and Production

President Roosevelt, in a radio address, said, "we are learning to ration materials; and we must not learn to ration manpower. Perhaps the most difficult phase of manpower problem is the scarcity of farm labor. Every farmer in the country must realize his production is part of the war production, and that he is regarded by the nation as essential to victory." Agriculture Secretary Wickard, as chairman of the WPB food requirements committee, reduced production goals for such crops as cantaloupes, cucumbers, watermelons and celery, and said "first consideration" would be given to winter

vegetables which require the least labor in relation to their nutritional value. Mr. Wickard also called for a 10 percent increase in 1943 spring hog production over the '42 record crop, asking for about 68 million head as compared to the 1942 crop of 62 million head. He estimated 1943 requirements of dressed pork for the U. S. armed forces and Lend-Lease will exceed 1942 requirements by more than one billion pounds.

The department of agriculture reported fair wage rates on Oct. 1, were 220 percent of the 1910-14 period and the highest since 1920. The average rate per day without board, \$2.76, was up 31 cents since July and up 72 cents since the previous October. The department said its total September purchase of dairy products, fish, fruit, and other commodities amounted to \$115 million, compared with the August total of \$83 million. The department is now buying 17 key food-stuffs every week and 11 others every two weeks.

Rationing

The office of price administration ruled that after next January 31, all motorists holding A mileage rationing books must have their tires inspected every four months and those receiving books allowing supplemental mileage must have their tires inspected every two months. Original inspections of tires on all passenger cars must be made between December 1 and January 31, while commercial vehicle tires—which must be inspected every two months or every 5,000 miles, whichever comes first—may be checked any time after Nov. 15.

Price Administrator Henderson sets Nov. 9 as registration day for gasoline rationing in the states where rationing is not already in effect, while motorists in the present rationing area must file a fire inspection certificate with their local rationing board by Nov. 22. Car owners in the latter area must list the serial numbers of all their tires and if there are more than five per car, the owner will be denied gasoline ration books until he has disposed of the extra tires. Mr. Henderson said the government already has started to purchase from car owners all new and used tires in excess of five per automobile. The defense supplies corporation, which has advanced \$150,000,000 for the program, has designated 160 warehouses throughout the country as delivery points, and the 23,000 offices of the Railway Express agency will collect the tires and bring them to the warehouses.

The OPA said war ration sugar stamp No. 9 will be good for the purchase of three pounds of sugar between Nov. 1 and Dec. 15. The sugar allotments for institutional and industrial users for November and December were set at 60 and 70 percent, respectively, of the su-

gar base established by them.

Maximum Prices

A specific price ceiling for women's rayon hose will be issued soon, the OPA said, and in the meantime, buyers should carefully compare prices with those of last March to make certain they are not being overcharged. "There is no excuse for any increase in prices of rayon hosiery," the Office said. The OPA placed dried eggs under price control at the highest levels at which distributors did business during the Sept. 28-Oct. 2 base period. The Office also set up a method for retail dealers to determine their ceiling prices for fresh grapefruit.

GUESTS AT TURNERS

Mr. and Mrs. Walter Ladusire of Eugene were week-end guests at the J. O. Turner home. They were returning from La Grande where they went the previous week with the expectation of enjoying some hunting but which was interrupted by illness of Mr. Ladusire.

DRIVES TO BREMERTON

Rev. S. D. Speesz and Mrs. Speesz left Wednesday noon for Bremerton, Wash. to spend several days visiting relatives of Mrs. Speesz. Returning they will visit with relatives of Rev. Speesz in Portland. Chester Wilson of Irrigon will fill the pulpit at the Assembly of God Sunday.

Remember! Three War Savings Bond dollars will hatch four dollars.

VOTE 310 (X) YES

Save our **STEELHEAD Trout**

from the **EXPLOITERS**

with profits for a few!

Ⓢ This measure is Senate Bill No. 53, passed by overwhelming vote in Senate and House, signed by the Governor, making it a law. Referendum has been invoked by those who would exploit, by "net fishing", the game of game fish—steelhead.

Ⓢ Does not affect Columbia River commercial fishing.

Ⓢ Play fair with the boys in the service, so they may find their "steelhead" fishing when they return.
