HENRY C. AIKEN

FROM THE EXPLOITERS

—who would exterminate our STEELHEAD trout as the "market hunters" have killed off buffalo, carrier pigeon, many plumage fowl, and ravaged other wild game!

★ ★ This measure is Senate Bill No. 53, passed by overwhelming vote in Senate and House, signed by the Governor making it a law. Referendum has been invoked by those who would exploit, by "net fishing"—the game of game fish—steelhead. Does not effect Columbia River commercial fishing.

On September 30th, the United States Government ordered released for civilian use, 20% of the 1942 salmon pack, which is proof that there is no shortage of good fish for the army requirements.

Oregon is the only state in the United States which permits game fish to be taken with "set nets".
