

Our Men In Service

(Editor's Note—It is impossible for the newspaper to contact all or any considerable number of families having relatives in the armed forces. It is not the desire of the paper to overlook mention of the boys but we have to be told about them. Please cooperate by calling at the office, telephoning or writing in items.

This office is in receipt of a very fine likeness of Rose, (Pardon us, Junior Leader, Rose) Leibbrand, mailed to us by the public relations officer, first WAAC training center, Des Moines, Ia. Had the picture been a mat we could pass it on to our readers, but we lack facilities for converting photographs into matrices. However, Junior Leader Rose looks every bit the soldier and has an expression of telling off the Mussy-Hirohitter gang in no uncertain terms.

Family and friends have received word from W. H. "Spud" Furlong that he is now in Camp Ward, Idaho, where he is in the dispensary of the U. S. naval training station. He was transferred there from Bremerton where he received his preliminary training.

Pvt. Harold Van Horn, Heppner, is now stationed at Pecos Army Flying school, Pecos, Texas, having been assigned to that post as an aircraft maintenance mechanic.

Pvt. VanHorn is a former employee of Harley Anderson, Hepp-

Here is the whole, shocking true story of the quarter-century of Shame. Every flaming scene is real! Narrated by Lowell Thomas.

Donations Sought for Entertainment Center

Morrow county has been given an opportunity to participate in soldier entertainment on its own account. A soldier recreation room is being set up at Boardman and through the local chapter of the Red Cross the entire county is being invited to assist. It is not expected that people over this way will actually take part in entertaining the soldiers, although such a thing is not beyond possibility, but they are being asked to help equip the room by donating articles of furniture.

Such items as davenports, comfortable chairs, straight chairs, desks, tables of all kinds, lamps, ash stands, mirrors and pictures for wall, scatter rugs, phonograph records, books, magazines and games. Cash donations will be used for the purchase of curtains, repairs, and other necessary things not donated, including newspaper subscriptions.

Work of setting up the recrea-

tion room is under direction of the Blue Mountain Camp and Hospital Council, which has supervision of recreation rooms at Pasco, Pendleton and Walla Walla.

Sixty members of a bombing squadron are located at Boardman. Recreation facilities of the little community are limited and it is essential that special entertainment be provided for these men. Unfortunately, the government is not in position to furnish recreation and entertainment and the work and much of the financing falls upon the centers affected. It is expected that Boardman will do its share, even more, but the people of the little community cannot assume the entire burden. It is hoped that the rest of the county will come through handsomely on this as has been done on bond sales and scrap drives. If that is done, it is pointed out, the Boardman center will be one of the best in this area.

Home Nursing to Be Studied Here

Steps are being taken to organize a class in home nursing under auspices of the American Red Cross, it was revealed this week. An effort to enroll 20 or more to start with is being made. Sign up at Humphreys Drug store if you wish to join the class.

Mrs. Dorothy Shroeder, trained registered nurse, has agreed to instruct the class as soon as it is formed. Mrs. Shroeder is making her home with her mother, Mrs. Frank Rumble, while her husband is with the fighting forces in Africa.

Announcement relative to the first meeting of the group will be made later.

Amateurs to Have Inning November 25

Amateur performers, or those who think they are entertainers, will have an opportunity to "strut their stuff" Wednesday evening, Nov. 25, when the junior class of Heppner high school will present an "amateur hour." The program, scheduled to start at 8 o'clock, originally was set for Nov. 20.

The amateur hour is divided into two sections, junior and senior. All participants under 15 years of age will be placed in the junior division and all 15 and over will be given senior rating. First, second and third prizes will be awarded in both divisions, with war stamps to the amount of \$5, \$3, and \$1 going to the winners.

Anyone who can sing, dance or play an instrument will be given an opportunity to compete. Entries must be in before Nov. 22 for this program which will be held at the gymnasium and for which a nominal charge will be made.

Printing of the country's new all-purpose ration books will take 87,000 pounds of ink, 7,500 pounds of paste, half a million pounds of boxing.

Five Chrysler employees have been car-sharing since 1937 cutting transportation expenses 80 percent of their 80-mile daily round-trip to work.

The Chickamauga National park in Tennessee gave 8,000 cannon balls and all unessential markers and plaques to the national scrap drive.

A survey of 50 typical New Jersey farms gave an average of more than one ton of scrap per farm. If this average were maintained throughout the country, the nation's farms are capable of yielding at least six million tons of scrap.

ner.

Arnold Sharp, former local baker now performing the same type of service for Uncle Sam in the navy, writes Mr. and Mrs. Mark Merrill that he has been transferred from Port Angeles to Pacific Beach, Wash.

miscellaneous booth.

Committee members are asked to have their booths ready by one o'clock to receive articles contributed for the sale.

Tea will be served from 4 to 5 p. m. The ladies in charge are Mrs. A. D. McMurdo, Mrs. W. H. Cleveland, Mrs. D. M. Ward and Mrs. Floyd Adams.

HERE FOR VESPERS

Venerable Eric O. Robathan and Mrs. Robathan drove over from Pendleton Sunday evening to attend the vesper service sponsored by the Music Study club. Venerable Robathan was unable to hold morning prayer service at All Saints church Sunday due to supplying the Pendleton church in the absence of the rector.
