### CAUSE FOR THANKSGIVING

Thanksgiving will not be the same to most of our people this year. It could not be the same in the light of what is going on in the world. Yet there is cause for Thanksgiving, be it lacking in the spirit that governs peacetime observance of the day.

For most of the country it may be said we are thankful for bountiful harvests. That is encouraging to our cause and discouraging to the Axis. It was part of their plan to see that crops would not be harvested in this and other countries of the western hemisphere.

Recent developments in Africa and the south Pacific also give us reason to be thankful — thankful that we have the machinery of war and the men to handle it.

In conclusion let us be thankful that we still have the right to observe Thanksgiving as free men and women; that we can still vote as we please with no Gestapo looking over our shoulders to see that we vote the "right" way. So long as this condition prevails we can look forward to each Thanksgiving day with a feeling of pride in a nation for which our valiant sons are giving their all to preserve.

### MORE ESSENTIAL THAN EVER

With all these drives going on for war materials and the constant hammering on war bonds and stamps there is danger of overlooking some of the important matters pertaining to civil welfare. This should not happen, for it is essential that the health of those remaining at home should be maintained. Otherwise the well-being of our fighting forces would be jeopardized.

Monday saw the opening of the annual sea sale sponsored by the Oregon Tuberculosis association. Upon the results of that sale rests the effective operation of the Morrow County health association. If our people are not liberal with their purchases of seals the work in this county will be impaired. On the other hand, if the quota is met

there is more assurance that the underprivileged will be taken care of and the battle against tuberculosis not lost.

It will be a direct contribution to the Allied cause if we buy even more than the county's quota of seals. In brief, it will be just one more evidence of our intention to win the war by keeping everybody in a healthy working condition. No welfare fund is better expended than that placed in the hands of the Oregon Tuberculosis association.

### SCRAP DRIVE IMPORTANT

Morrow county cannot rest on her laurels and allow that other 50 to 55 percent of scrap iron and steel to rust in the fields and barnyards. Every pound of the metal will be needed in forthcoming months to keep the munition and armament streams flowing steadily to the front. Winning of the October award is the best argument for driving ahead to greater accomplishment, not for the glory, which in itself is not to be ignored, but for the invaluable service we may render in the prosecution of a successful war on our enemies.

A clean-up drive is scheduled for Friday and Saturday of this week. It is not expected that this effort will parallel the October drive when 1,194,000 pounds of scrap iron and steel was weighed in. It will serve to fill demands of the conversion plants during the winter months when gathering and delivering of the metal will be impractical. The greater the scrapiron piles this winter the less demand for them at a time when farmers must attend to their field work. Full cooperation at this time will relieve the pressure later and at the same time assure the boys at the front that the boys at home are carrying on their share of the fight.

### WHAT DOES IT MATTER?

Weather has always been something to talk about when other subjects were lacking. It has its pleasant aspects as well as disagreeable features and as such forms a topic upon which most of us can express opinions.

Since the days of Pearl Harbor there has been less said about the weather, particularly in combat zones, because of the possibility of lending aid and comfort to the enemy. Consequently, a subject which frequently made the headlines has been conspicuous in its absence the past several months.

There is no disposition to let down the bars at this time but there can be no harm in mentioning the fact that fall weather conditions have been favorable to the grain grower, and even the stockman is beginning to appreciate the attentions of the weather man. These facts can't possibly hold comfort for the enemy for it means that the food production line will be maintained in harmony with war production lines. It is just as well not to predict or forecast weather conditions, especially as long as the enemy may be lurking near our shores, yet a limited forecast such as on frost conditions in areas where fruits are predominant has been granted. But what does it matter if weather that has already happened is mentioned or discussed?

After witnessing the results of numerous football games we have arrived at the conclusion that the team chalking up the most touchdowns usually wins the game.

### 25th Anniversaries Observed by Two Eight Mile Couples

The Leonard Carlson home on Eight Mile was the scene of a party Sunday evening when friends gathered to help Mr. and Mrs. Leonar Carlson and Mr. and Mrs. Henry Baker observe the 25th wedding anniversaries. An enjoyable evening was spent in playing games and visiting, augmented with music by Mildred and Lewis Carlson and Betty and Helen Fay Baker.

A bountiful lunch including chicken sandwiches, pickles, ice cream, wedding cake and coffee was served. A four-tier wedding cake bearing a bride and groom under an archway of flowers, graced the center of the table. Mrs. Carlson and Mrs. Baker cut the wedding cake, Mrs. Ben Anderson poured coffee and Mrs. Henry Peterson served the ice cream.

For this very special occasion Mrs. Carlson wore a black velvet dress and Mrs. Baker a blue velvet dress, each carrying corsages of gardenias and rosebuds. Mr. Carlson and Mr. Baker displayed boutonniers of pink carnations in honor of the occasion.

Guests included: Mr. and Mrs. Henry Peterson and family; Mr. and Mrs. Ray Drake; Mr. and Mrs. Ben Anderson; Mr. and Mrs. Alcott Lundell; Mr. and Mrs. Carl Carlson; Mr. and Mrs. Claude Huston; Bernar Carlson; Oscar Peterson and daughter; Mrs. Carl Bergstrom and daughter; Mrs. Cecil Lutkins; Mrs. Noel Dobyns and daughter; Mrs. John Darst and Mrs. Harley Anderson.

### MARTHA JANE NEEL

Funeral services were conducted in Condon Saturday morning at the Community Congregational church for Martha Jane Neel, with Rev. Martin Clark of Heppner officiating. Interment was in the Hardman cemetery.

Martha Jane Swain was born Feb. 11, 1854 in McNary county, Tenn. In 1872 she was married to Richard Robison in that state. To this union 8 children were born, all of whom survive, excepting their first child, Lulu Bell who died at the age of 18 months.

All seven children were at their mother's bedside when she passed away. They are: Motie, Woodland, Calif.; Tyndall, Bonanza, Ore.; Lotus, Heppner; Ollie Adkins, Condon; Marie Whittington, Bend; Walter, Merrill, Ore.; Josie Chappell, Condon. She also leaves 11 grandchildren, 25 great grandchildren, one stepdaughter, Lellie Perry of Walla Walla.

### RECOVERING IN HOSPITAL

Mrs. B. F. Swaggart is reported recovering from a serious illness at Heppner hospital. She was brought to town about a week ago. Her daughter, Mrs. C. S. Wheeler of Pendleton, has been with her and will remain until her mother is fully recovered.

### RAINS DAMAGE ROADS

Country roads suffered some damage as a result of the heavy rain which visited this section Monday afternoon, according to Ernie Johnson who was in town Tuesday from his ranch on upper Balm fork. Ditches were filled with mud and debris.
